## 2017 Mendocino Agricultural Damage Survey

The Mendocino County Department of Agriculture is asking for your help in compiling data related to the impacts of the October Fire to your farming operation. All information is confidential and will only be used to assess overall loss to the farming community. This information is used to obtain federal funding. Please fill out the form to the best of your knowledge. It is understood that not all damage may be known at this time. **This form is also capturing loss of trees and vines which will be used by the Assessor's Office.** Surveys can be emailed, faxed or mailed using the information above. Please contact the office if you have any questions.
