Ellen,

We do have a quorum now and wish to endorse the letter. I asked Tim Buckner, who said he'll be at the Planning Commission meeting, to let you know that in case you are not able to check e-mail while at the meeting.

Best Wishes,
 Darcy

Dear Darcy and Members of the Board;

Attached are the Willits Environmental Center's Comments to the Planning Commission regarding proposed changes to the County Medical Cannabis Ordinance that, in the WEC's opinion, have the potential to weaken oversight and protection of the County's Rangelands. Thank you so much for taking the time to consider, and

possibly submit a letter of support for these comments to the Planning Commission for their meeting tomorrow
Thursday, Feb. 1.

Thank you again.

Yours,
Ellen Drell
