APPLICANT: COUNTY OF MENDOCINO
AGENT: DEPARTMENT OF PLANNING AND BUILDING SERVICES
REQUEST: The Mendocino County Board of Supervisors proposes to amend Mendocino County Code Chapter 20.242.040 Table 1, Medical Cannabis Cultivation Site, to the Inland Zoning Ordinance (Mendocino County Code, Title 20, Division I), which is administered by the Department of Planning and Building Services.
STAFF PLANNER: Mary Lynn Hunt
LOCATION: All unincorporated inland areas within Mendocino County. The areas not included are, the city limits of Ukiah, Fort Bragg, Willits and Point Arena. Not applicable to those areas within the designated Coastal Zone Areas of the County.

Ms. Hunt, staff planner, reviewed the staff report and noted that this amendment was being reviewed at the direction of the Board of Supervisor. She also noted that on page 2 of the redline version of the proposed Ordinance, Table 1 contained a red underlined double asterisk, and that the double asterisk should have a red strike out instead.

Mr. Keidrowski noted that potential use of an Administrative Permit in the Rangeland Zoning (RL) was not included in the mitigated negative declaration documents that were reviewed by the Board of Supervisors or by the Planning Commission, but that it did appear in the final draft of the adopted Ordinance. He further noted that this discrepancy would be corrected with the proposed Amendment.

Commissioner Pernell expressed gratitude to staff for clarifying the issue.

Commissioner Warner noted that her impression was that expansion in rangeland was not allowed.

Chair Holtkamp asked if road building activities were allowed in RL.

Ms. Hunt stated that creating a road would be allowed in RL, as long as the applicant had a. She also noted that in the year 2020, no new cannabis applications would be allowed in RL or Timber Production Zone (TPZ).

Commissioner Nelson stated that he was in support of cultivation in RL, and noted he felt that the agencies regulating cultivation were being over burdensome.

Commissioner Warner asked if microbusiness were allowed in RL.

Ms. Hunt noted that microbusinesses were currently not allowed in RL for medical cultivation.

Mr. Kiedrowski stated that the Ordinance Amendment related to microbusinesses would come before the Planning Commission on March 15, 2018.

Commissioner Warner noted she was unsure if she could support the project.

Commissioner Pernell asked if road access was looked at during the cannabis permitting process.

Mr. Kiedrowski noted that all site plans are required to have all easements included.

Ms. Hunt noted that there was not a mandate to require evaluation of road access, but did note that the building department did review and approve each permit and could require a grading permit related to road access.
