2.	Introductions [QIC/N	<u>1HSA]:</u>			
	• Intro:				
	 Scott Abbott, and Barbie Svendsen introduced QIC, and thanked Wynd for opening Manzanita services as a 				

- venue for the County.
- Robin Meloche introduced MHSA and explained the various handouts.
- **Handouts:**
 - Agenda, previous meeting minutes, QIC Workplan slides, Issue Resolution forms, MHSA Snapshot, and MHSA Forum surveys.

Member Reports & Recommendations [QIC/MHSA]: 3.

- **Follow Up from Prior Meetings:**
 - o The last forum did not have any consumers present, so there are no comments to carry forward.
- **Report of Changes/News:**
 - Andre Epstein went over Whole Person Care (WPC) and a grant Redwood Quality Management Company (RQMC) received to serve over 200 people via WPC. He said that WPC is when providers to work together to care for a client's various needs (such as coordinating physical and mental health needs). Providers and care managers will have referrals that they can make for clients to receive WPC.
 - o A consumer mentioned there will be a health fair at the Ukiah Fairgrounds on April 5th. They will be providing dental, general health, and vision related charges free of cost.

4.	·	Public Feedback [QIC/MHSA]:		
		is working?:		
	0	Robin Meloche mentioned that the Oversight and		
		Accountability Commission (OAC) was impressed by the		
		work that is being done at Manzanita services.		
	0	A consumer said that they were happy that Manzanita		
		provided services like showers so that people could have		
		dignity and feel clean.		
	0	A consumer said that the were grateful for the smoking		
		section at Manzanita because it made them feel like they		
		were welcome.		
	0	Will Riley said that it is impressive that providers in		
		Mendocino County work together to give care to as		
		many as possible rather than arguing about how things		
		should be done.		
	0	A consumer said that they were pleased about the yoga		
		classes being offered at Manzanita.		
	0	A consumer said that they enjoyed the music program at		
	_	Manzanita.		
	• Comm	ents & Questions:		
	0	A consumer asked if they could have washing machines		
		at the provider locations, because it is difficult to take a		
		shower then have to get into the same dirty clothes.		
	0	A consumer asked if there could be a combined yoga and		
		music class provided by MHSA or through a provider.		
	0	A consumer asked if they could have an updated	-Barbie Svendsen said	
		resource guide for the county. They remember there	she would follow up	
		being an orange and blue flyer for people to see	about resource flyers.	
		locations of providers.		
	0	A participant asked how they can be issued free phones.		
5.	Program Upd			
	Housi	ng Project:		
	0	Robin Meloche explained that the housing project is		
		aimed for people who are severely mentally ill,		
		homeless/at-risk of homelessness, and will be semi-		
		perminant. They are breaking ground for the property on		
		Gobbi street. There will be approximately 38 single		
		housing units, and a full-time manager on the property.		
	0	A consumer asked if there was going to be a public		
		laundry facility on the property, and Robin Meloche		
		explained it would only be for residents there.		
	• WET:			
	0	N/A		
	• Innovation:			
	0	Robin Meloche explained that the purpose of the		
		current innovation project is to bring services to the		
		outerlying areas around Covelo. The MHSA team is		
		working with Round Valley Indian Health Center (RVIHC)		
		and Yuki trails to make a crisis resource center. The		

project was approved last October. The primary goals for this project are to expand trust between the Native American community and the County government, and to help the crisis center find staff that will naturally fill their positions in such a small area. MCSPC: Next week Robin Meloche will be conducting ASIST and -Robin said that she would keep a list of SafeTalk Trainings that are currently at full capacity for those who tried to registration. **Issue Resolutions:** register, as well as who are interested, and o N/A incorporate them into **Priorities:** future trainings. o N/A 6. **Quality Improvement Workplan [QIC]:*** 1.A Client Population Report: o The total number of persons admitted to outpatient services is 287, and the total admitted to crisis services is 118 (see PowerPoint for demographic breakdown). o The total number of unduplicated persons served in January at RQMC is 1,186, and the total Fiscal Year to Date (FYD) is 1,991. The total number of Full Service Partnerships (FSPs) served is 84, and the total number of emergency crisis assesments is 184. The total number of inpatient psychiatric hospitalizations is 56. The total number of crisis line contacts is 438. 2.A Initial Request to First Kept Appointment: o The goal is a completion rate of 90% within 10 business days. The goal of business days was met in all categories, however only 84% of services met the standard: 76% for Adult Services and 88% for Children's services. 2.B Initial Request to First Psychiatric Appointment:

 The goals is a completion rate of 90% within 15 business days. The goal for business days was met in all categories, however only 64% of all services were met within this range: 63% for Adult Services, and 66% for Children's services.

• 2.C Service Request for Urgent Appointments to Actual Encounter (Buisness Hrs):

The goal is to have the actual encounter within 60 minutes during business hours (9a-5p) at 95%. The number of minutes was met in all categories with an average of 12 minutes, and the percentage was met in all categories at 98%.

• 2.D Service Request for Urgent Appointment to Action Encounter (Non-Buisness Hrs):

 The goal is to have th actual encounter within 120 minutes during after business hours (5p-9a) at 95%. The number of minutes was met in all categories at an average of 20 mins till actual encounter, and the percentage was met in all categories at an average of 99%.

• 2.E Test Calls Report:

 There were six test calls, which were broken into two categories: Access and Crisis. (Please see PowerPoint for comprehensive results),

2.G Outpatient Timeliness to Authorizations (Adults/Youth):

 The goal is to have all authorizations made within 14 days, with a completion rate of 100%. Both goals were met for both Adults and Youth.

• 2.H Initial Request to First Offered Appointment:

The goal is to have the first offered appointment within 10 business days at a completion rate of 100%. The number of days was met, however the average completion was 92% for all services, 82% for adult services, and 97% for Children's services.

• 2.1 Follow-Up Post Psychiatric Discharge:

 The goal is to have a 100% completion rate in all categories. The current average is 99% overall, 100% for Adult services, and 97% for Children's services.

• 3.D & 4.C Appeals, Grievances, Change of Provider:

- There has not been any provider appeals or client appeals in the last 45 days.
- There have been two client grievences in the last 60 days, which have both been completed, and the clients have received letters from the QI department.
- There have been three client requests for change of provider in the last 10 business days, all of which have been complete, and each client has been sent a letter from QIC. (See PowerPoint for more detailed information).
- The goal was to respond to provider requests within 10 business days at a completion rate of 100%. There was only one request which was processed late, however the client cancelled beforehand. The current completion rate is 92%.

4.E Monitoring Stakeholder Involvement:

- This is an ongoing process of analysis. QIC did a focus group (a Preformance Imrpovement Project or PIP) to increase the number of attendees.
- The meetings have now combined QIC and MHSA, and these meetings are sometimes broadcasted. This has not increase attendance, so Peer Advocates have been invited to the meetings for more input, and the meetings will now be held in Wellness Centers.
- There has been some technical difficulties with webcasting, but that is being worked on for future use.

• 4.G Authorized vs. Billed Services:

 The QIC department sends out letters to consumers to check that the services that they have been billed for are

	the services which they received. There have been no	
	calls received by the QIC department indicating that	
	someone was billed for a services wrongfully.	
	 Consumers have called inquiring what the letters mean. 	
	4.H Psychiatric Inpatient Reasmission Rates:	
	 The goal is to have no more than 10% of patients be 	
	readmitted within a 30 day period. The average	
	percentage in all categories of readmissions is currently	
	13%: 11% for Adult services and 16% for Children's	
	services.	
	4.I Psychiatrist and Clinician No Show Rates:	
	o The goal is to have 10% or less of client no-shows. The	
	average no show rate for psychiatrists is 15% in all	
	categories. The average no show rate for clinicians is 8%	
	in all categories: 11% for Adult Services, and 10% for	
	Children's services.	
	7.A Latino Clients Admitted by Month:	
	o Please see PowerPoint for graph.	
	7.B Percentage of Progress Notes Entered Late By Month:	
	o Please see PowerPoint for graph.	
7.	Other Questions/Conclusion:	
	RQMC's QIC representative explained that all of RQMC's	
	administrative staff are eventually moving to the Orchid Street	
	location so that they can be together.	
	There will be new campuses for RQMC in Potter Valley and	
	Lakeport. The Upperlake and Lowerlake campuses will be	
	consolidating into one campus in Lakeport.	
	A consumer said that they thought the meeting went well, and that the MUSA (OLG forums are one of the better meetings that	
	that the MHSA/QIC forums are one of the better meetings that	
	they have attended for county meetings.
