RE: **Orchard Avenue Extension Feasibility Study
First Community Meeting – Preliminary Design**

The Mendocino County Department of Transportation is investigating the feasibility of a future extension of Orchard Avenue from Brush Street to Lake Mendocino Drive.

The purpose of the Orchard Avenue Extension Feasibility Study is to provide traffic analysis and design studies for an additional north-south arterial through the Greater Ukiah Valley Area. The planned Orchard Avenue Extension will evaluate a complete street corridor that will include vehicle lanes, bike lanes, and sidewalks. The proposed study will take into account the planned roadway and private development improvements in the area with a focus to improve circulation and mitigate congestion on State Street. The County would like to discuss the project with its neighbors and community on:

**Wednesday, September 26th from 4:30 to 6:00 p.m. at the
Mendocino County Board of Supervisors
501 Low Gap Road, Ukiah, CA 95842**

PLEASE JOIN US FOR THIS IMPORTANT MEETING! If you have any questions, or cannot make the meeting, please call Howard Dashiell/William Wood (Project Manager) at (707) 463-4363.
