COASTAL DEVELOPMENT PERMIT EXCLUSION REQUEST

Most development projects within the coastal zone require a Coastal Development Permit (CDP). However, the Coastal Commission has granted “categorical exclusions” to the County of Mendocino hereby certain categories of development do not require a CDP. In certain geographical areas and subject to specific criteria, the exclusions generally apply to the construction of single-family residences, water wells and septic system repair and replacement. If your project is eligible for an exclusion from CDP requirements, you will need to obtain a Notice of Coastal Development Permit Exclusion from the County prior to issuance of building, septic, and well permits.

To determine if your proposed project is excluded from the CDP requirement, the following materials must be submitted to the Department of Planning & Building Services:

1. One completed copy of the attached CDP Exclusion application form, questionnaire, Certification and Site View Authorization, and Indemnification Agreement.

2. Two copies of a vicinity map showing the project’s location within the surrounding area.

3. Two copies of a site plan identifying all existing and proposed improvements.

4. Check in the amount of $595.00 payable to the County of Mendocino.

Applications for CDP Exclusions generally take between 1-3 weeks to process once the application is deemed to be complete.

Notices of CDP Exclusions are valid for a period of three years.
