
CONFLICT OF INTEREST POLICY

I. PURPOSE AND BACKGROUND

Consistent with the Internal Revenue Code (§401(a)(2)), the California Constitution (Article 16, Section 17(b)) requires that the administration of the retirement plan be for the exclusive benefit of the members and beneficiaries of the retirement system.

The members of the retirement Board of a public pension or retirement system shall discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries.... A retirement Board's duty to its participants and their beneficiaries shall take precedence over any other duty.

Pursuant to Government Code sections 87300, et seq, Mendocino County Employees' Retirement Association (MCERA) is required to establish a Conflict of Interest Code, which focuses primarily on disclosure of financial interests of individuals holding designated positions. A copy of the MCERA Conflict of Interest Code is attached to this Policy.

To address other situations in which conflicts of interest may arise in the context of a public retirement system, MCERA establishes this Conflict of Interest Policy.

II. PURPOSE

This Policy is intended to provide Trustees and staff with guidelines and certain requirements for successfully fulfilling their fiduciary duties and mitigating the actual or perceived conflicts of interest concerning Board operations and governance. The Policy represents Trustees' recognition of their primary fiduciary obligation to the members and beneficiaries of the plan. The Policy reinforces loyalty to the interests of the members and beneficiaries. The Policy assists in identifying and, to the extent possible, avoiding situations that might compromise or appear to compromise the Board's primary fiduciary role.

III. PRINCIPLES

- A. It is not possible to identify and address all methods by which Trustees or staff could manage the assets of a plan in a manner that benefits themselves or related parties, rather than plan members. A conflicts policy must therefore consist of general principles and guidelines to manage the many complicated situations that can arise.
- B. With respect to MCERA activities, the duty of a MCERA Trustee or staff member to MCERA's members and beneficiaries shall take precedence over any other duty.

- C. An issue that may be perceived to create a conflict of interest can pose as great a risk to MCERA as an actual conflict of interest. Accordingly, reasonably perceived conflicts should be treated as actual conflicts of interest.
- D. Safeguarding the trust of plan members and beneficiaries is paramount. Conflicts of interest, bribes, gifts or favors that subordinate that trust to private gains are unacceptable.
- E. In situations where the law or policy is not clear, the best interests of the members and beneficiaries must be served. Trustees and staff should err on the side of good judgment, and are encouraged to discuss the matter with legal counsel as early as possible.
- F. When interacting with existing or potential service providers, Trustees and staff need to establish and maintain an independent relationship to ensure that Trustees and staff can remain objective when conducting the affairs of MCERA.

IV. REQUIREMENTS

While it is not possible in this context to list all legal and ethical requirements that apply to Trustees and staff, the list below covers some significant matters.

MCERA Trustees and staff:

- A. Shall not accept or solicit any gift, favor, or service that may tend to influence or reasonably be perceived to influence the individual in the discharge of official duties or that the individual knows, or should know, is being offered with the intent to influence the individual's official conduct. When Trustees and staff accept gifts, they must comply with applicable laws regarding gifts, including gift disclosure and gift value limits. During a Board initiated "black-out" period pursuant to the Board Communications Policy, no Trustee or staff may accept any gift, favor or service from any affected potential candidate firm under consideration in a search process or current service provider on a "watch status" (or any agent of such a firm or service provider);
- B. Shall not accept other employment or engage in a business or professional activity that the individual might reasonably expect would require or induce the individual to disclose confidential information acquired by reason of the individual's official position;
- C. Shall not accept other employment or compensation that could reasonably be expected to impair the individual's independent judgment in performing the individual's duties;
- D. Shall not make personal investments that could reasonably be expected to create a substantial conflict between the individual's private interests and the interests of MCERA and its members and beneficiaries;
- E. Shall not intentionally or knowingly solicit, accept, or agree to accept any benefit for exercising the individual's official powers or for performing their official duties in favor of another;
- F. Shall not transact any business or influence the transaction of business in the individual's official capacity with any entity or person in which the individual has an economic interest privately;
- G. Shall not use one's official position to secure a special privilege or exemption for oneself or others;
- H. Shall not intentionally or knowingly disclose any confidential information gained by one's position concerning the property, operations, policies or affairs of MCERA, or use confidential information for monetary gain.

V. **STATUTORY PROVISIONS UNDER THE COUNTY EMPLOYEES RETIREMENT LAW (SECTION 31528)**

A. Neither the Trustees nor the employees of the Board:

1. Shall become an endorser, surety, or obligor on, or have any personal interest, direct or indirect, in the making of any investment for the Board, or in the gains or profits accruing from those investments or directly or indirectly borrow or use any MCERA funds, except to make current and necessary payments authorized by the Board.

VI. **PROCESS IF A CONFLICT OF INTEREST EXISTS**

When a real or perceived conflict of interest exists, Trustees and staff shall fully disclose the conflict and abstain from voting/participation in discussion of the matter, except if the Trustee's participation is legally required for the decision as allowed by the rule of necessity.

VII. **BIENNIAL ETHICS TRAINING**

Under Government Code Section 53234 et seq., all local agency officials, including MCERA Trustees, must receive at least two hours of training in general ethics principles and ethics law relevant to his or her public service every two years. New Trustees shall attend ethics training no later than one year from the first day of service with MCERA.

VIII. **POLICY REVIEW**

This Policy is subject to change in the exercise of the Board's judgment. In the event of legislative changes to the pertinent sections addressed in this Charter, the Board will review the Charter as appropriate.
