

Exceptional Medical Treatment Over the Phone

PlushCare gives you remote access to a network of top board certified doctors, so you get quality medical care without the unnecessary hassle of visiting a physician's office. And, it is free to use when you sign up for your employers plan!

The Best Doctors

PlushCare's doctors are Board Certified and trained at the top 25 medical schools to ensure you get quality care everytime.

Easy Access

Access our physicians through our secure online video or telephone services.

Treatment

Our doctors take the time to listen to your issues and give you the right treatment the first time. Prescriptions are sent right to your local pharmacy!

"My 4 year-old daughter got an eye infection while we were traveling. I easily booked an appointment with a doctor 30 minutes later. A PlushCare pediatrician called us at the exact time of our appointment and she immediately called in a prescription saving us a trip to urgent care. Thanks, PlushCare!"

- Amy D., Redondo Beach, CA

Get The Care You Need, When You Need It

PlushCare's network of doctors are available online or over the phone and provide treatments for hundreds of conditions. If appropriate, the doctor can write a prescription and have it sent immediately to the pharmacy of your choice. You and your family no longer have to wait to get the care you need!
