Subject: Letter of support for a cell tower at Hartstone Bible Camp

Dear Sirs,

We strongly support the construction of a cell tower in our neighborhood. Our residence is located less than 500 yards from the proposed tower site. Every year we have experienced power outages that last from a few hours up to several days. The recent fires reinforced our belief that cell service is critical for times when our power supply is disrupted. We were without cell or land-line coverage for the duration of the fire(s). With the road closures, we are in a very dangerous position, and emergency communication is vital. We urge your favorable consideration of this project.

Sincerely,

Alan & Terri
