To the Planning Commission Board;

As a resident of the Eel river community, I want to acknowledge how thankful I am for the cell phone tower. As the last few years have shown, the area is very vulnerable and the threat of fires is very real. A failure to grant permission for the tower's installation would be a very great travesty. The benefits from this tower for this community far outweigh any perceived detriments. Please put yourself in our shoes and see how necessary this is.

Thank you for your work and consideration

Sincerely,
Tony Arnds
