

Types of Services:

Mobile Outreach & Prevention Services offer the following to the target communities:

- Linkage to help navigate community and behavioral health resources.
- Outreach to those with behavioral health issues that have been incarcerated and follow up on services after being in the county jail.
- Help talking to medical providers about mental health and substance use challenges and concerns.
- Support connectivity with local community resources.
- Support connectivity with specialty mental health care and access centers in Ukiah and Fort Bragg.
- Referrals come from health providers, law enforcement, specialty mental health providers, and community members.

Who we are

Mobile Outreach & Prevention Services Program Goals

1. Connect people in target areas with mental health support prior to mental health needs becoming a crisis.
2. Reduce dependence on Law Enforcement as primary response to behavioral health crisis.
3. Reduce use of emergency rooms for primary source of mental health care.
4. Reduce rates and recidivism for those with behavioral health needs.
5. Support those with behavioral health needs in connecting to local resources.
6. Improve target area awareness of resources and support for those with mental health needs.
