To Who it may concern:

I am responding to a public notice CASE #U 2019-0011

Filed on 7-3-2019 by Bette Nixon.

i am very much in favor of the addition of a cell tower on our area. For safety purposes alone it would be a great addition to our neighborhood. Many people have abandoned their land lines and would get no notification of an emergency at this time without this cell tower being built. Please consider me a yes vote.

Sincerely

Kathy & John Grupp
