Department of Planning and Building Building Services Staff

860 North Bush Street

Ukiah, CA. 95482

I am writing to you regarding the AT&T application to authorize construction and Operation of a Negative Declaration (ND) and Major Use Permit to AT&T/ Epic Wireless LLC for building a 143 ft. wireless communication facility/lattice tower 5.1.miles southeast of the City of Willits.

I am very familiar with this location since I lived in Pine Mountain for 20 years. This area has a close knit community with long time residents and multiple generations of families. This project has significant environmental impacts, Including increased radiation levels, on neighbors, plants and animals. I am asking you to deny the above application and find a location more appropriate for this project.

Please respect the Health and Well Being of this lovely community.

Thank you for your consideration, Dobbe Wattenberg
