Hi All,

I want to let you know that I strongly don't want this 5G network in our community, all the research show that it is very harmful to all animal< bees birds bat an humans. We have come so far to fight off GMO an making sticked organic laws on cannabis an saying anything other then NO 5G in Mendocino county would be so backwards an so dangerous.

Please protect our safety an our pure life vote No to 5G now
