Dear Members of the Mendocino Planning Commission: Marilyn Ogle, Aison Pernell, Diana Wiedemann, Madelin Holtkamp, Scott Perkins, Randy Jackson, and Greg Nelson

Since we are home owners who will be affected by the proposed AT&T tower we are requesting you to postpone the scheduled public hearing regarding case # U-2019-0011(Nixon) and its Negative Declaration, scheduled 4-16-2020.

We should be allowed to voice our concerns face to face, in a real time hearing which is impossible in the foreseeable future. This is a legal proceeding and we should be allowed equal real time access to commissioners on this controversial issue.

We have enjoyed living on this property for the past forty plus years and planned to hand it down to our adopted son and his family. They have small children and would be very hesitant to put them at risk by living here if this project is approved.

I would hate to see this area become like a large city full of pollution and dangerous to our health and quality of life. We moved here because of the peace, quiet, and safety of this country property. This project will also cause our property value to decrease making it difficult to relocate if the project is approved.

Please keep Mendocino county a safe place to live.

Thank you for considering this request to postpone the hearing until all who desire are able to attend.

Blessings, Richard & Mary Caudle
