Mendocino County Homeless Services Continuum of Care Board Meeting Minutes

Date: Monday, February 24, 2020

Time: 1:30 pm - 3:30 pm

Location: Mendocino County Social Services, 747 S. State St., Big Sur Conference Room

A. Call to order

Verify a quorum is present in order to conduct business

- Roll Call was taken by Veronica Wilson
- Present: Dan McIntire, Judy Albert, Zenia Leyva Chou, S. Wynd Novotny, Jacque Williams, Carla Harris, Sean Kaeser, Sandra Stolfi, Lindsey Spencer, Sage Wolf
- Absent: Lisa Judd, Diana Clarke, Grace Peeler-Stankiewicz, Karen Lovato, Amanda Archer, Que B. Anthnoy, Blythe Post
- Quorum is present

B. Public Comment

MCHSCoC welcomes public comment on non-agendized items

- Dan McIntire, Co-chair called for public comment on non-agendized items: no public comment.

C. Approval of Minutes

January 27, 2020 minutes

- Zenia Levya Chow to be corrected to Chou
- Veronica Wilson shared Dennie Sunbeam has left County Employment and will no longer be recording minutes and Veronica will be completing minutes until new staff is identified
 - Sean Kaeser motioned to accept the minutes with the above correction. Lindsey Spencer made the second.
 - Roll call vote to approve the minutes was taken by Veronica Wilson
 - Yes = Dan McIntire, Judy Albert, S. Wynd Novotny, Jacque Williams, Carla Harris, Sean Kaeser, Lindsey Spencer, Sage Wolf
 - Abstained = Zenia Leyva Chou, Sandra Stolfi
 - No = 0
 - Motion passed

D. Reports and Presentations

1. Standing Committee Reports

- Strategic Planning (Dan)
 - The final draft was reviewed last week and the consultant is working on making final revisions. There will be a draft brought to the MCHSCoC at the March 23, 2020 Board Meeting for adoption.
 - The current draft is available online at
 - After MCHSCoC Board approval, the Strategic Plan will be presented to jurisdictions throughout Mendocino County and the Strategic Planning Committee will bring revisions requested by the jurisdictions to the MCHSCoC Board

*Public Comment for items NOT on the agenda will be heard following the Call to Order. Public Comment for agendized items will be heard at the time that the item is discussed. Maximum of 3 minutes per speaker and 12 minutes per topic.
Thank you and welcome!*

- The Strategic Plan is a living document and will be reviewed and revised by the Strategic Planning Committee at least twice per year, as well as when funding sources change and strategies are implemented.
- Public comments – No public comments
- Shelter & Solutions (Angelica)
 - Met in the morning prior to this meeting and are working on coordinating a time for committee members to meet with the Inmate Welfare Board regarding the discharge plan for inmates being discharged into homelessness.
 - The Committee is also researching Safe Parking options and plan to present their findings and recommendations to the MCHSCoC at the April 20, 2020 Meeting.
 - Sandra asked to be included in the Jail Discharge Planning Process. They have a newly hired Veteran Justice Officer that is involved in working with inmates that are veterans so the VA can provide support for the committee's efforts to move forward on Jail Discharge Planning.
 - Public comments – No public comments
- Coordinated Entry/Discharge Planning (Sage)
 - Exploring HMIS Informed Consent form is being explored as HUD TA has recently said it is not required in HUD regulations but was previously recommended. Privacy regulations have been rolled back to 2004 by HUD.
 - Discussing universal release of information to cover HIPPA covered entities to facilitate care coordination between local providers
 - Public comments – No public comments
- Membership Committee (Veronica)
 - Last meeting had a quorum for the first time in a year! Committee reviewed current list of CoC members and identified any agencies that are currently unrepresented. List of agency representation will be reviewed at a future Full Membership Committee.
 - Public comments – No public comments
- HMIS / Performance Measurement (Garry/Veronica)
 - Also exploring if HMIS Informed Consent form is needed; Committee agreed to elimination if supported by CoC
 - ServicePoint provides a dashboard report by project and agency that will be brought to the Board once all data has been migrated into the new system
 - Public comments – No public comments
- 2. Ad Hoc Committee Reports
 - 2020 PIT Count Ad-Hoc Committee (Veronica)
 - PIT Count occurred on January 30, 2020 and went very well. Dennie is no longer with the County so Garry is entering the data on his own, which might take longer than past years.
 - Keith Driver of MCAVHN worked back with Tribal Elders, who then collected data on persons on their tribal lands that are experiencing homelessness. These were completed as Observational Surveys and Interviews and can be included in the count to HUD as we have the minimum data needed for H
 - The 2020 HIC has been sent out to all homeless housing providers

*Public Comment for items NOT on the agenda will be heard following the Call to Order. Public Comment for agenda items will be heard at the time that the item is discussed. Maximum of 3 minutes per speaker and 12 minutes per topic.
Thank you and welcome!*

- The Ad Hoc will need to create an Executive Summary for the 2020 Count, which will include that persons on tribal lands are included this year as well as other details that may create variations of who and what areas are included in the count from year to year
- Judy Albert gave feedback that the HIC was a bit difficult to complete. Garry will take this feedback and make improvements for next year.
- Public comments – No public comments
- 2020 HHAP Ad-Hoc Committee (Dan)
 - A few weeks prior to the meeting, Dan met with Veronica, Megan, Tammy Moss Chandler and Supervisors McCowen and Gjerdi to discuss the HHAP CoC and HHSA budgets. HHSA placed some additional funds several of same areas the CoC has budgeted. There will be a summary of what the two budgets are at the next meeting. This collaborative process will continue as this grant moves forward.
 - The only item HHSA did not fund that is included in the CoC budget is funding for operational funds for existing services. This is because HHSA feels the CoC is better equipped to know how to support existing services and are letting the CoC handle this area.
 - Public comments – No public comments

E. Board Protocols and Governance

1. Possible **Action**: Discuss Establishing Standing CoC Agenda Item for Updates from Local Jurisdictions (e.g. Cities of Ukiah, Fort Bragg, Willits) (Dan/Jacque/Veronica)
 - The Co-Chairs are exploring way to engage the local jurisdictions in the CoC's established area and suggested there be time given to local jurisdictions as a standing agenda item. This would allow them to not be limited to the 3 minute public comment time limit and encourages everyone to participate.
 - It will be added under reports as the first agenda item, prior to committee reports
 - Zenia motioned to make space for local jurisdictions as a standing agenda item. Sage seconded the motion.
 - Discussion – The Board Co-Chairs will write a letter for jurisdictions to inform them of this addition. This will not include local municipalities.
 - Public comment – No public comment
 - Roll call vote to approve the minutes was taken by Veronica Wilson
 - Yes = Dan McIntire, Judy Albert, Zenia Leyva Chou, S. Wynd Novotny, Jacque Williams, Carla Harris, Sean Kaeser, Sandra Stolfi, Lindsey Spencer, Sage Wolf
 - Abstained = 0
 - No = 0
 - Motion passed
2. Possible **Action**: Discuss Memo from Technical Assistance Collaborative, RE: Mendocino County Homeless Resource Allocation and Priorities by Cohorts (Megan)
 - The Technical Assistance Collaborative (TAC) has been providing Technical Assistance for the strategic plan and after reviewing our local documents and processes. When the local cohorts were shared with TAC, they expressed concern that using these criteria could be illegal so Megan requested they write a Memo to clearly document TAC's concerns. Megan clarified with TAC that the definitions only become problematic when the criteria is used to restrict services

*Public Comment for items NOT on the agenda will be heard following the Call to Order. Public Comment for agenda items will be heard at the time that the item is discussed. Maximum of 3 minutes per speaker and 12 minutes per topic.
Thank you and welcome!*

as none of the cohorts include any protected classes. No CoC contracts direct recipients to restrict services to locally defined cohorts, but several County contracts do. Providers are happy to collect data along the local cohorts, but restricting services concerns them.

- This memo has been shared with Tammy Moss Chandler and County Counsel. Jacque suggested a small workgroup needs to make a proposal to take back to the County on how to clearly communicate these concerns. Sage recommended that contractors could individually work back with the County when it comes time to renew or extend their contracts to take this memo information into consideration. This could start with projects that both the CoC and County fund so both entities can work out how to address this concern.
- Angelica shared she brought up these concerns when the local cohort definitions were being developed and it was not well received nor included in the development process. Angelica agreed to work with Dan to draft a letter about cleaning up the language in these contracts to ensure they are legal.
- Sage motioned that the CoC Co-Chairs draft a formal letter to Mendocino County Counsel and the HHSA Director, with the TAC memo attached, regarding contract language that is included in future contracts related to homeless service contracts, with an emphasis on contracts that are complementary to CoC contracts. Zenia seconded the motion
 - The cohort definition document may need to be updated to include a statement that the definitions should not be used to inform funding. This will be brought back to the Board at a future meeting so the matter is revisited prior to the start of the next contract year.
 - Public comment – No public comment
 - Roll call vote to approve the minutes was taken by Veronica Wilson
 - Yes = Dan McIntire, Judy Albert, Zenia Leyva Chou, S. Wynd Novotny, Jacque Williams, Carla Harris, Sean Kaeser, Sandra Stolfi, Lindsey Spencer, Sage Wolf
 - Abstained = 0
 - No = 0
 - Motion passed

F. Funding

1. California Emergency Solutions & Housing (CESH) – State Funds – no update
2. Emergency Solutions Balance of State Grant (ESG BOS) – Federal to State Funds
 - 2020 Registration Accepted (Veronica)
 - Public comment – No public comment
3. Homeless Emergency Aid Program (HEAP) – State Funds
 - Recommended **Action**: Review and Approve Rural Communities Housing Development Corporation (RCHDC) HEAP Contract (Megan)
 - Funds must be spent by June 30, 2021 according the state, but RCHDC is questioning whether the funds have to be given to the contractor OR if the funds have to be spent by the contractor to prevent it going back to the state. The State says the funds must be spent by the contractor by 6/30/2021.

*Public Comment for items NOT on the agenda will be heard following the Call to Order. Public Comment for agenda items will be heard at the time that the item is discussed. Maximum of 3 minutes per speaker and 12 minutes per topic.
Thank you and welcome!*

- RCHDC is changing its request to purchase the land for the second phase of the Orr Creek Commons project instead of supporting the construction so the funds can be quickly spent.
- RCHDC will know in June if their No Place Like Home and TCAC applications are approved, which would make the project viable. The property has been appraised at over \$1 million so they would be purchasing the land on behalf of the CoC at a loss. The HEAP funds are basically being used as seed money for the project to make it viable and shovel ready when the tax credit funding is approved.
- Sage made a motion to approve the contract and direct Staff to move forward in putting it in place, assuming no substantial changes are made during the County Counsel review, and requests that RCHDC provides updates to its project as progress is made. Wynd seconded the motion.
 - Public comment – No public comment
 - Roll call vote to approve the minutes was taken by Veronica Wilson
 - Yes = Judy Albert, Zenia Leyva Chou, S. Wynd Novotny, Jacque Williams, Carla Harris, Sean Kaeser, Sandra Stolfi, Lindsey Spencer, Sage Wolf
 - Abstained = Dan McIntire
 - No = 0
 - Motion passed
- 4. Homeless Housing Assistance Program (HHAP) – State Funds
 - Grant Applications Have Been Submitted and the state will inform us if the grant will be awarded within 30 days of submission, which should be mid March
 - Public Comment – No Comment
- 5. Family Unification Program (FUP) – Federal Funds – no update
- 6. Housing & Urban Development CoC Program – Federal Funds
 - HUD Announced the 2020 CoC Program Registration has opened. Nothing needs to be done unless we want to make changes to the entities established to operate the program
 - Public Comment – No Comment
- 7. Housing and Urban Development HMIS Capacity Building Grant – Federal Funds
 - Working on hiring additional HMIS Administration Staff. Veronica has identified 4 potential candidates and is hoping to have a new team member soon.
 - Public Comment – No Comment
- 8. Other – None

I. INTRODUCTION

The purpose of the Mendocino County Strategic Plan to Address Homelessness (“Plan”) is to share with the community a common agenda and plan of action to make homelessness RARE, BRIEF, and only ONE TIME. The Plan was developed by the Strategic Planning Committee of the Mendocino County Homeless Services Homeless Continuum of Care (MCHSCoC), a collaborative of over 31 public agencies and private non-profit organizations throughout the County that serve the unsheltered population. The Plan was reviewed by the MCHSCoC governing board and formally adopted on XXXMonth, XX, 2020. The following jurisdictions have also adopted this Plan: XXX, XXX, XXX.

This Plan also fulfills Federal and State requirements that local jurisdictions receiving funding from the U.S Department of Housing and Urban Development (HUD) have a community plan for addressing homelessness. Mendocino County’s CoC is the U.S Department of Housing and Urban Development (HUD) designated Homeless Continuum of Care for Mendocino County, with the County providing project monitoring and fiduciary oversight.¹

This Plan is also seeks seeking to address the fragmentation that currently exists in the system, which diminishes the effectiveness of homelessness-related funding, service delivery, and system performance. The Plan recognizes that transforming our County’s homeless service system will also require close collaboration with community members and key stakeholders, elected officials, agency staff, service and housing providers, and people with lived experience of homelessness. Thus, the Plan includes two additional goals related to strengthening collaboration both between the CoC and the broader community and within the CoC governing body itself.

¹ HUD requires that each Homeless Continuum of Care develop a plan that coordinates implementation of a housing and service system, conducts a Point-in-Time count of homeless persons, analyzes needs and provides strategies to address gaps in housing and services, provides information required to complete the Consolidated Plan(s), and plans for and evaluates performance of Emergency Solutions Grant (ESG) recipients. <https://www.hudexchange.info/coc/coc-program-law-regulations-and-notices/>

II. HOMELESSNESS IN MENDOCINO COUNTY

Mendocino County covers 3,506 square miles of mostly mountainous terrain, making it the 15th largest among California's 58 counties—almost equal in geographic size to the states of Delaware and Rhode Island combined. The population of Mendocino County is 89,009.² Ukiah, the County Seat of Government, is the largest city in the County, with a population of 16,296. Fort Bragg, the primary population center on the coast, has a population of 7,478. Approximately 15% of Mendocino County residents reside in one of the County's four federally-designated Frontier Communities, which are communities with a population density of 6 or fewer people/square mile. Mendocino County's population is 66% White, 24% Hispanic, 6% Native American, and 4% bi-racial or other ethnicities and includes 10 Native American Indian rancherias. However, the ethnic profiles of Mendocino County's public schools—where, on average, 43% of students are Hispanic and 44% are White—illustrates the changing demographics of the County.

Mendocino County's scenic beauty contrasts sharply with a depressed economy and associated high levels of poverty. The median household income in Mendocino County is \$46,528, just 69% of the statewide median of \$67,169, and 16% of families live below the federal poverty level, compared to 11% of families Statewide (American Community Survey, February 2019 update). And, like the rest of California, Mendocino County has a shortage of rental units affordable and available to those most vulnerable to losing their housing—e.g., households with extremely low-incomes, which are those at or below the poverty guideline or 30% of their area median income. Many of these households are severely cost burdened, spending more than half of their income on housing. They are thus more likely than other renters to experience unstable housing situations like evictions. Not surprisingly, areas of high poverty and a high share of rentals are associated with higher rates of homelessness. Right now in California there are 22 units available and affordable for every 100 households with extremely low incomes (NY Times 1/14/2020).

While a number of factors heighten the risk of homelessness, **poverty, leading to the inability to pay for housing, is the single greatest risk factor for homelessness.**³ These factors include being African American, a member of an immigrant community, a new mother, Native American, LGBTI, having a history of incarceration, mental health or substance use problems, adverse childhood experiences, social isolation, experiencing interpersonal violence, low wage work, chronic health problems, a prior history of homelessness, and spending >50% household income on rent. The association between poverty and homelessness holds true in Mendocino County where, according to the Homelessness Needs Assessment and Action Steps for Mendocino County prepared in March 2018 by Dr. Robert Marbut ("Homeless Assessment"),

² California Department of Finance estimates for January 2019.

³ Margot Kushel, MD., Professor of Medicine, UCSF, Center for Vulnerable Populations. Presentation at Kaiser Permanente, October 18, 2018.

the majority of the County's homeless (61%) were living in Mendocino County, a high-poverty county, when they became homeless.

Nationally, the demographics of homelessness are changing as the baby boomer generation ages. Whereas in the early 1990s, 11% of single adults experiencing homelessness were aged 50 and over, by 2003, this rate had increased to 37%. Currently, approximately half of single adults who are homeless nationally are aged 50 and older.⁴ In Mendocino County, according to the Homeless Assessment, the median age for individuals experiencing homelessness is 46, which means that half of the homeless in Mendocino County are over 46 years of age—slightly younger median of 50 years of age. Nationally, approximately half of those who are homeless and aged 50 and older had their first ever experience of homelessness after the age of 50. In comparison, the median age an individual starts experiencing street-level homelessness in Mendocino County (or before moving to Mendocino County) is 41 years of age, again younger than the national median. The aging of the unsheltered population has critical policy implications because adults in their 50s and 60s who are homeless experience premature aging, having the health characteristics of people 20 years older.

Counting Mendocino County's Homeless Population

[This explanation of the following point-in-time count is from the website of the National Alliance to End Homelessness (<https://endhomelessness.org/resource/what-is-a-point-in-time-count/>).]

The U.S. Department of Housing and Urban Development (HUD) requires that communities receiving federal funds from the McKinney-Vento Homeless Assistance Grants program conduct a count of all people experiencing homelessness in the last week of January annually. Electronic administrative records are used to enumerate people living on the streets and in emergency shelters and transitional housing. In an unsheltered counting effort, outreach workers and volunteers are organized to canvas Homeless Continuum of Care to enumerate the people who appear to be living in places not meant for human habitation.

During these point-in-time counts, communities are required to identify whether a person is an individual, a member of a family unit, or an unaccompanied youth under the age of 18 or age 18 to 24. In addition, communities must identify if a person is chronically homeless, indicating long-time or repeated homelessness, and the presence of a disability.

Why do we Count?

Point-in-time counts are important because they establish the dimensions of the problem of homelessness and help policymakers and program administrators track progress toward the goal of ending homelessness. The first of these counts was conducted in January 2005. Although the counting methodology has changed several times since then, we nevertheless

⁴ Margot Kushel, MD., Homelessness in older adults: Causes, consequences, & prevention, September 27, 2018. UCSF Center for Vulnerable Populations.

have data for Mendocino County's CoC for the last 15 years. Collecting data on homelessness and tracking progress can inform public opinion, increase public awareness, and attract resources to address the problem.

HUD uses information from the local point-in-time counts, among other data sources, in the congressionally-mandated Annual Homeless Assessment Report to Congress (AHAR). This report is meant to inform Congress about the number of people experiencing homelessness in the U.S. and the effectiveness of HUD's programs and policies in decreasing those numbers.

On the local level, point-in-time counts help communities plan services and programs to appropriately address local needs, measure progress in decreasing homelessness, and identify strengths and gaps in a community's current homelessness assistance system.

The point-in-time counts are not without limitations. There is variation in count methodology year-to-year within and across communities. Unsheltered counts have more limitations than sheltered counts. Thus, there is more variation in the methodology used to arrive at unsheltered counts. Point-in-time counts are, however, the only annual measure that enumerates people experiencing unsheltered homelessness in addition to those who are sheltered. (The U.S. Census strives to include people who are unsheltered in its once per decade census count.) And, despite its flaws, the annual point-in-time counts result in the most reliable estimate of people experiencing homelessness that we have and from which progress can be measured.

Counting Youth

One gap that exists in these point-in-time counts is the coverage of unaccompanied youth (or those living separately from any family members) under the age of 25. Despite the fact that point-in-time counts are required to collect the number of unaccompanied youth under the age of 18, those numbers do not appear accurate, with many CoCs reporting that there are zero unaccompanied youth in their communities. Youth may be afraid or unwilling to enter individual shelters, and communities typically have scarce resources, beds, and units dedicated to youth. Moreover, unaccompanied youth are often not engaged with traditional homelessness assistance programs and congregate in different areas than older individuals experiencing homelessness. This means that, in most communities, the required count of sheltered youth is more likely a count of beds available to youth as opposed to the number of youth who need shelter. Without adequate coverage of homeless youth in point-in-time counts, there is a danger that they will continue to be underserved.

Children and youth living with their parent(s) in vehicles are also difficult to count accurately. For example, the point-in-time count attempts to count families who sleep in vehicles. But many families sleeping in vehicles do not park overnight where there are other people sleeping in vehicles because of safety concerns for children. Thus, many may be missed in the count. However, children and youth who are unsheltered but enrolled in school are counted by Mendocino County Office of Education's Foster and Homeless Youth Services (FHYS) program. The definition of homeless children and youth that FHYS uses is from the McKinney-Vento Homeless Assistance Act, which ensures educational rights and protections for children and

youth experiencing homelessness. Homeless children and youth are those who lack a fixed, regular, and adequate nighttime residence. This definition also includes:

- Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Children who may be living in motels, hotels, trailer parks, shelters, or awaiting foster care placement.
- Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
- Migratory children who qualify as homeless because they are children who are living in similar circumstances listed above.

According to FHYS, there were 1,058 children and youth in 2019 in Mendocino County who met the McKinney-Vento definition of homelessness. The highest rate of child and youth homelessness is in Round Valley where 41% of children and youth were homeless in 2019.

Mendocino County's Point in Time Counts

Following are results from Mendocino County's point-in-time counts for the past four years, with the exception of the count of homeless veterans, which includes a column for the point-in-time count from 2011. This table indicates a steep decline in the numbers of unsheltered veterans. This is a result of the Veterans Administration's commitment to applying Housing First principles to caring for homeless veterans.

Another estimate of the homeless population in Mendocino County comes from the Homeless Assessment of 2018. The Homeless Assessment does not claim to provide a definitive count of the homeless population countywide, as the PIT count does. Rather, Dr. Marbut focused his work in and around those cities of Ukiah, Fort Bragg, and Willits because most of the individuals experiencing homelessness in Mendocino County are geographically located within and near those areas.

MENDOCINO COUNTY HOMELESS ASSESSMENT COUNTS

	Ukiah (including perimeter)	Willits	Fort Bragg (including perimeter)
Total Homeless in Programming	198-225	20-26	96-160
Individuals in 24/7 Homelessness Programming	106	n/a	49
Individuals Experiencing Street-Level Homelessness	92-119	n/a	47-64

How Long are People Homeless?

According to the Homeless Assessment, on average, in 2018, 78% of people interviewed had been homeless for one or more years. Of those, just over half (51%) had been homeless 1-5 years, which is strikingly high and worthy of notice because the rate of successful recovery from homelessness starts dropping after one year, and then precipitously drops after two to three years (Marbut, p. 19). When the length of time one is living on the streets is shortened, people are safer and more people can use limited resources.

In terms of how effective homeless systems of care are at getting people into permanent housing situations, HUD measures how quickly people move into permanent housing situations after entering a homeless system of care. This performance measure is called *Length of Time Homeless* and is

measured by calculating the average length of time people remain in emergency shelters (ES) or Safe Havens (SH, though there are none in Mendocino County) before moving on to permanent housing—the blue bar. HUD is also interested in measuring the average length of time people remain in emergency shelters, Safe Havens, and transitional housing before moving on to permanent housing—the orange bar. The HUD “length of time homeless” performance measure does not currently include the amount of time people spend living on the streets prior to entering the homeless system of care, but eventually street-level data will be included.

How Many People Are Getting Housed, and How Many Become Homeless Again?

The adjacent graph, *Exits to Permanent Housing by Program Type*, conveys two distinct pieces of information. First, the blue bar

indicates that, in all years shown, no more than 20% of people who entered the homeless system exited to permanent housing. The data include people who entered into emergency shelters (ES), Safe Havens (SH, none of which exist in Mendocino County), transitional housing (TH), or received rapid re-housing funds.

The orange bar indicates that an average of 90% of those who were in permanent supportive housing (PSH) or other permanent housing (OPH) in each of the years shown retained their housing, a positive demonstration of stability for clients once in permanent housing.

The percentages of people who entered the homeless system of care, exited the homeless system of care, and then re-entered the system again—within six months, 12 months, and 24 months—from 2015 – 2018 are shown in the table below. This is a key measure of how effective Mendocino County’s homeless system of care is at reducing overall homelessness.

III. THE RESOURCES AVAILABLE TO ADDRESS HOMELESSNESS IN MENDOCINO COUNTY

The resources available to address the unsheltered population of Mendocino County include housing and services. But it is important to understand that people access these resources within a **system of care [NAME!]**. All service providers that participate in the system of care have agreed to use a Coordinated Entry System (CES) to facilitate the coordination and management of resources that comprise the crisis response system in the County. The CES allows service providers to efficiently and effectively connect people to interventions that aim to rapidly resolve their housing crisis. And reciprocally, the CES connects the most vulnerable persons in the community to available housing and supportive services equitably. The following graphic depicts how people in Mendocino County who are unsheltered move through Mendocino County’s homeless system Continuum of Care **[NAME!]** and access housing and services.

The housing and supportive services available to the unsheltered population of Mendocino County are funded by local fundraising, volunteers, as well as competitive grants and allocations from the State and federal governments. The following table lists the funding that is currently coming into Mendocino County for homeless or homeless-related services.

The table is divided into two main sections. The first section lists grants (allocations and competitive grant awards) awarded to Mendocino County Health and Human Services Agency's (HHSA) three branches—Social Services (yellow), Public Health (blue), and Behavioral Health (green). The second section (beige) lists grants that have been allocated to Mendocino County's Homeless Continuum of Care from the U.S. Department of Housing and Urban Development (HUD) via the County. Funding received by Mendocino County HHSA and the MCHSCoC are allocated by the Boards established to oversee each entity. Prior to federal legislation that passed in 2016, local CoC's did not have the authority to determine how federal funds to serve the homeless are allocated, with the exception of the Emergency Solutions Grant. MCHSCoC is establishing policies and procedures to ensure the integrity and effective of the funding allocation process.

The purpose of this Strategic Plan is to use *all* the funds coming into the County to address homelessness (whether granted to the County, the CoC, or an individual organization or agency) as efficiently and effectively as possible through coordination, cooperation, and agreed-upon goals and strategies.

NOTE: The funding awards listed in the following tables span multiple funding periods. Additionally, some funds come from time-limited grants while others are noncompetitive allocations. Thus, totaling the grant amounts to determine annual countywide funding to address homelessness would be misleading.

IV. GOALS, STRATEGIES, AND ACTION STEPS

The goals, strategies, action steps delineated in this section were derived over the course of approximately four months by the Strategic Planning Committee (STRATEGIC PLANNING COMMITTEE) of the CoC governing board. Many of the recommendations from the Homeless Assessment are included as strategies here. In addition, the STRATEGIC PLANNING COMMITTEE benefitted from technical assistance provided by the Technical Assistance Collaborative through a grant from the Department of Housing and Community Development to improve the delivery of homelessness programs. The STRATEGIC PLANNING COMMITTEE was inspired by the All Home collaborative of Kings County, Washington in deciding on its overarching goals.

Goal 1: Making Homelessness Rare

Making homelessness rare will require addressing the [causes of homelessness](#), which are myriad and institutional. A [2013 national study](#) found that community rates of homelessness are driven by rent increases in the housing market, the availability of a strong safety net, economy, demographics, and influx of people moving to a region. Working together with community advocates, providers and partners the CoC aims to align efforts toward prevention, increasing affordable housing, and supporting the expansion of pre-adjudication programs and sentencing alternatives to make homelessness RARE in Mendocino County.

Goal 1: Make homelessness rare				
#	Strategy	Action Steps	Person/Org. Responsible	Timeframe

HOW WE WILL KNOW IT WORKED

We will see a 5% annual decrease in the total number of homeless as measured by HUD's Longitudinal Systems Analysis (LSA).

GOAL 2: Making Homelessness Brief and One-Time

To make homelessness brief and one-time, funding and programs must be aligned to support the strengths and address the needs of people experiencing homelessness. Shortening the length of time families and individuals are homeless reduces trauma and also creates capacity in the crisis response system for others in need. Ensuring that those who move to permanent housing do not become homeless again and return to our crisis response system also increases capacity of crisis services to serve more individuals.

Goal 2: Make homelessness brief and one-time				
#	Strategy	Action Steps	Person/Org. Responsible	Timeframe
2.1	Identify the most effective homelessness programs within the County, particularly those that provide emergency, transitional, and permanent housing to individuals experiencing homelessness, and provide support to expand services.	2.1.1 Gather outcomes of annual Housing Inventory Report. 2.1.2 Establish performance measurement goals for all types of projects 2.1.3 Add minimum outcome thresholds to grant rating and ranking criteria (for a project to be eligible for funds) 2.1.4 Create project evaluation processes to hold projects accountable	2.1.1 HHSA 2.1.2 Rating and Ranking Ad Hoc 2.1.3 Rating and Ranking Ad Hoc 2.1.4 CoC Board and STRATEGIC PLANNING COMMITTEE	2022

GOAL 3: Improve community and policy maker engagement around homelessness

Goal 3: Improve community and policy maker engagement around homelessness				
#	Strategy	Action Steps	Person/Org. Responsible	Timeframe
3.1	Gain buy-in and agreement for one overarching strategic plan—with action steps.	3.1.1 Engage leadership in underserved areas of the County's jurisdiction. 3.1.2 Use data (worldwide/national) on promising and evidence based practices to highlight successful strategies that can be used in our communities. 3.1.3 Provide informational presentations to policy making bodies, community agencies, and public on purpose, process and importance of having a consistent and coordinated approach to addressing homelessness. 3.1.4 Seek endorsement of Strategic Plan from entities within various jurisdictions.	All Action Steps will be done by Strategic Planning Committee	2020
3.2	Improve strategic coordination between the CoC, the County and cities.	3.2.1 Set up regular meeting between CoC and the BOS Ad-Hoc Committee on Homelessness 3.2.2 On all regular CoC agendas, there shall be a standing item for jurisdictional updates related to homelessness. 3.2.3 Members of the CoC shall engage local jurisdictions early in the development of capital projects.	3.2.1 Strategic Planning Committee 3.2.2 Strategic Planning Committee 3.2.3 HHSA	2020
3.3	Develop a community understanding of the scope, scale, and structure of the homelessness problem and need to use common nomenclature to improve decision making.	3.3.1 Form an Outreach and Public Relations team to prepare and make public presentations. 3.3.2 Create a press release once per year on PIT count and other homeless data. 3.3.3 The CoC shall make annual presentations to the governing body of each jurisdiction once each year to report on strategic plan progress and upcoming initiatives/projects. 3.3.4 Talk to local media about what is being addressed, the CoC's challenges and limitations, what the public can do to help.	All Action Steps will be done by Strategic Planning Committee.	2022
3.4	Increase engagement of persons experiencing homelessness in planning, implementation and decision making for the CoC.	3.4.1 Conduct focus groups with people experiencing homelessness regarding service provider training and education. 3.4.2 Follow up with provider trainings as identified in focus groups. 3.4.3 Establish encampment engagement protocols. 3.4.4 Develop and implement a process to compensate or incentivize people who are currently or formerly shelterless to participate in the governance of the County's homeless system of care. 3.4.5 Establish a 'Client Council.'	3.4.1 Strategic Planning Committee 3.4.2 Strategic Planning Committee 3.4.3 CoC Board and HHSA 3.4.4 Membership Committee 3.4.5 Membership Committee	Ongoing

HOW WE WILL KNOW IT WORKED

We will see increased engagement of residents as measured by increased attendance at CoC board and committee meetings.

We will see increased engagement and leadership of business and faith leaders increased attendance at and/or joining the CoC board.

We will see homeless services expanded to the outlying regions of the County, such as the South Coast and North County, including Covelo.

4.4	Continue the establishment of a diverse board that fills perspective, skills and knowledge gaps in dealing with the mission of the CoC.	4.4.1 Conduct skills inventory for all board members to find the skills gap that may be needed by consultants or additional board seats. 4.4.2 CoC leadership will actively attend events to speak with leaders in the community to make sure that the local needs are being accomplished by the boards long term goals and objectives.	4.4.1 CoC Co-Chairs 4.4.3 CoC Co-Chairs	Ongoing

HOW WE WILL KNOW IT WORKED

We will have effective and efficient governance at the CoC and within the homeless system infrastructure as measured by surveys conducted before and after listening sessions by whomever conducts listening session.

HHSA and CoC contracts all include measurable performance measures.

**EXECUTIVE DEPARTMENT
STATE OF CALIFORNIA**

EXECUTIVE ORDER N-23-20

WHEREAS California faces a severe housing crisis that has made housing unaffordable for too many Californians and, in turn, exacerbated the problem of homelessness; and

WHEREAS homelessness in California is not confined to urban corridors but is present in urban, suburban, and tribal and rural communities throughout the state; and

WHEREAS data released recently by the U.S. Department of Housing and Urban Development based on the 2019 Point-in-Time Count indicated that there were 151,278 individuals who were homeless in California, over 108,000 of whom were unsheltered, and that the homeless population has been steadily increasing; and

WHEREAS Californians driven into homelessness often develop significant health issues over time and, often experience significant morbidity and die sooner; and

WHEREAS it is estimated that a substantial proportion of individuals who are homeless experience chronic physical and mental health disorders, yet are not receiving regular and consistent medical or psychiatric care; and

WHEREAS California's homelessness crisis has put considerable stress on many public services including transportation, libraries, schools, health services and public safety, as well as created public health challenges; and

WHEREAS California's homelessness crisis has impacted certain business sectors throughout the state and is a top concern to many residents, businesses, communities, tribal governments, cities, and counties across the state; and

WHEREAS unauthorized encampments of people who are homeless are increasing in many areas of the state within the public right of way and near or on private or tribal property, resulting in traffic and fire hazards, crime, risk of injury and death, and other conditions detrimental to public health and safety, both for people who are homeless and people who are not; and

WHEREAS since 2018, almost 200 counties and cities have declared a shelter crisis, pursuant to Government Code section 8698 et seq.; and

WHEREAS over the past two years, the state has substantially increased its efforts to address street homelessness by providing more than \$2.7 billion in new funding, significantly increasing its support for safety net services, eliminating barriers to getting navigation centers and temporary housing built to allow homeless adults to receive services and stability in

order to find longer-term housing, enacting the most aggressive rent-gouging protections, launching a 100-Day Challenge Initiative to bring counties and cities together to more urgently address homelessness in their communities, and expediting funding allocations to local governments, including allocations to counties to reduce the number of families in the child welfare services system experiencing homelessness; and

WHEREAS solutions to homelessness require additional innovation, cooperation and urgency within the public sector, and among the public and private and tribal sectors; and

WHEREAS because reducing the population of homeless individuals in California is a matter of critical statewide importance, the state can and needs to do more to help local communities act with urgency to address street homelessness and the society-wide problems associated with the homelessness crisis.

NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California, by virtue of the power and authority vested in me by the Constitution and statutes of the State of California, do hereby issue this Order to reduce street homelessness, break down barriers to homeless individuals accessing health care and other critical services, and to increase housing options for those experiencing homelessness. This Order shall become effective immediately.

IT IS HEREBY ORDERED THAT:

1. All state agencies specifically referenced in this Order shall develop by no later than February 28, 2020 accountability metrics for state agencies and for local partners to assess the use of the state resources referenced in the following paragraphs and their impact on reducing street homelessness, breaking down barriers to homeless individuals accessing health care and other critical services, and increasing housing options for those experiencing homelessness. The metrics shall be published online and regularly updated. In carrying out this Order, state agencies shall consider the extent to which local partners regularly and publicly report data based on the local metrics.
2. The Department of Finance, pursuant to its authority under Government Code sections 11005, 11005.1, and 13306, shall immediately establish the California Access to Housing and Services Fund within the Department of Social Services, to receive future state appropriations, as well as donations from philanthropy and the private sector, and to provide much needed dollars for additional affordable housing units, providing rental and operating subsidies, and stabilizing board and care homes;
3. To rapidly increase housing options for those experiencing homelessness, the following actions shall occur by no later than January 31, 2020:

- a. The Department of General Services shall identify all properties from the digitized inventory of excess state land created by EO N-06-19 that can be used by local partners, including tribal governments, counties, cities, or non-profit agencies, on a short-term emergency basis to provide shelter for individuals who are homeless, so long as such usage will not delay affordable housing development on those properties.
 - b. The Department of General Services shall conduct an initial assessment of all state facilities to identify facilities that can be used by local partners on a short-term emergency basis to provide shelter for individuals who are homeless and in need of health and social services.
 - c. The Department of Transportation (Caltrans) shall develop and share a model lease template to allow counties and cities to use Caltrans property adjacent to highways or state roads in those jurisdictions on a short-term emergency basis to provide shelter for individuals who are homeless, building on recent partnerships with the cities of Los Angeles, San Jose, and San Francisco, and consistent with Streets & Highways Code section 104.30. Priority for future partnerships to make state land available to counties and cities for short-term emergency housing shall be given to jurisdictions where a shelter crisis declared pursuant to Government Code section 8698 et seq. is in effect.
 - d. The Office of Statewide Health Planning and Development shall work with local jurisdictions, tribal communities, and private entities to conduct an initial assessment of the appropriateness and availability of vacant and decommissioned hospitals and health care facilities for use by local partners on a short-term emergency basis to provide shelter for individuals who are homeless.
 - e. The Department of Food and Agriculture, in consultation with the Department of General Services, the Department of Housing and Community Development, the Department of Social Services, and the Office of Emergency Services, shall conduct an initial assessment of fairgrounds in or near jurisdictions where a shelter crisis is currently in effect, and, for those fairgrounds, determine the population capacity and space that would currently be available to local partners on a short-term emergency basis to provide shelter for individuals who are homeless.
4. The Department of General Services shall supply 100 travel trailers from the state fleet, and the Emergency Medical Services Authority shall supply complementary modular tent structures, to provide temporary emergency housing and the delivery of health and social services in communities across the state. The Department of General Services and the Emergency Medical Services Authority shall supply trailers and tents immediately and

end by September 30, 2020, unless the secretaries of the Government Operations Agency and the Health and Human Services Agency both concur on a case-by-case basis that the specific circumstances warrant the continued use of the trailers or tent structures. These trailers and tent structures shall only be used where the following criteria have been satisfied:

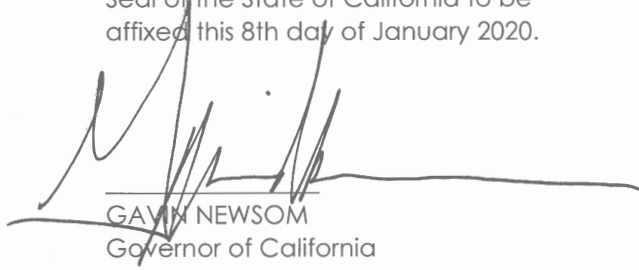

- a. A shelter crisis declared pursuant to Government Code section 8698 et seq. or its equivalent under the applicable laws governing the jurisdiction of a federally recognized tribe in California is in effect.
 - b. Local partners, including counties, cities, and non-profit agencies, have the capacity and resources to deploy, operate, secure, and maintain the trailers or tent structures.
 - c. Local partners make appropriate health, social, housing, and other appropriate services available to support the needs of individuals temporarily housed in the trailers or tent structures and transition them into permanent, safe and stable housing.
 - d. Local partners agree to regularly and publicly report data based on the accountability metrics referenced in paragraph 1.
5. To further assist local jurisdictions in addressing street homelessness, there shall be a multi-agency state strike team comprised of the Business, Consumer Services, and Housing Agency; the Government Operations Agency; the Health and Human Services Agency; the Labor and Workforce Development Agency; and the Transportation Agency. The strike team shall be coordinated by the Homeless Coordinating and Financing Council and provide technical assistance and targeted direct support to counties, cities, and public transit agencies seeking to bring individuals experiencing homelessness indoors and connect them with appropriate health, human, and social services and benefits.

FURTHERMORE, all counties, cities, public transit agencies, special districts, school districts, tribal governments, and non-governmental actors, including businesses, faith-based organizations, and other non-profit agencies, are requested to examine their own ability to provide shelter and house homeless individuals on a short-term emergency basis and coordinate with local authorities to provide shelter and house individuals.

IT IS FURTHER ORDERED that as soon as hereafter possible, this Order shall be filed with the Office of the Secretary of State and that widespread publicity and notice shall be given to this Order.

This Order is not intended to, and does not, create any rights or benefits, substantive or procedural, enforceable at law or in equity, against the State of California, its departments, agencies, or other entities, its officers or employees, or any other person.

IN WITNESS WHEREOF I have hereunto
set my hand and caused the Great
Seal of the State of California to be
affixed this 8th day of January 2020.

MEMORANDUM

DATE: APRIL 16, 2020
TO: MENDOCINO COUNTY HOMELESS SERVICES CONTINUUM OF CARE
FROM: TABATHA MILLER, CITY MANAGER
SARAH MCCORMICK, HOUSING & ECONOMIC DEVELOPMENT
SUBJECT: The City of Fort Bragg Requests use of HEAP Funds Awarded for The Plateau Project (20 Permanently Supportive Cottages, 25 Affordable Senior Cottages, and 23 Workforce/Family Duplex Units) to Acquire 441 South Street (4.6-acre site composed of APN 018-340-04; 018-340-07; and 018-340-06) for Development of Affordable Housing

On February 3, 2020 the City of Fort Bragg entered into an agreement, effective December 15, 2019, for \$3,000,000 in Homeless Emergency Aid Program (HEAP) funding with Mendocino County Homeless Services Continuum of Care (MCHSCoC). According to the contract, the City is to provide MCHSCoC the following by March 1, 2020:

- Evidence that all financing has been secured
- A finalized project budget that includes all funding sources
- A construction schedule
- A HEAP funding expenditure schedule

Due to COVID-19, the March MCHSCoC Board Meeting agenda was not available to the City to provide this update. An update is provided herein, as well as a request from the City of Fort Bragg to use HEAP funds for the purchase the land at 441 South Street, where the DANCO project is located. There are several advantages to the City owning the land, rather than DANCO. One of which is that the City wishes to develop additional affordable housing on the remaining +/-1.5 acre (66,628 SF) portion of the site that is not being developed by the Plateau Housing Project. DANCO is amenable to this request and we appreciate the MCHSCoC Board consideration of this change.

The price to acquire the land is: \$2.76 Million. Should MCHSCoC be willing to authorize the City to use HEAP funding to purchase the land, MCHSCoC could reallocate the remaining \$240,000 of HEAP program funds in accordance with Executive Order N-32-20 for addressing impacts of COVID-19. According to the Homeless Coordinating and Financing Council COVID-19 FAQ:

HEAP program funds "shall be expended on one-time uses that address homelessness, including, but not limited to, prevention, criminal justice diversion programs to homeless individuals with mental health needs, and emergency aid." (Healthy and Safety section 50214 (a)). While the EO does not substantially change the original flexibility of the

program, the EO allows for the funding to serve the same statutorily-defined target population and to expand HEAP funds to be spent on preparing for and addressing the impacts of the COVID-19 pandemic on homeless individuals. This includes implementing guidance from the Department of Public Health on hand and respiratory hygiene and protective congregate living protocols and providing isolation and quarantine capacity.

Regardless of how MCHSCoC decides on ownership of land, DANCO is situated to move forward as planned. Thank you again for your continued support of this project and consideration of our new request.

As a reminder, the Plateau Housing Project includes three primary components, **for a total of sixty-eight (68) residential units**:

- **20 permanent supportive residential cottages** ranging from 616 to 830 SF, a 3,000 SF common building, walkways and a full size basketball court;
- **25 single-story affordable senior residential cottages** ranging from 616 to 848 SF, a 1,200 SF commons building, a 440 SF common utility buildings and a 276 SF manager's unit, walkways and 29 parking spaces with associated driveway; and
- **23 two-story, workforce/family residential duplex units**, ranging from 1,000 to 1,200 SF (2 and 3 bedrooms), landscaping, playground and 36 covered parking spaces with associated driveways.

The Plateau – Fort Bragg, CA – Funding Application Timeline

1. September 2016 – Awarded \$250,000 from City of Fort Bragg

This funding was the kickoff to the project. The City of Fort Bragg was very excited to have the Cottages at Cypress open up and loved the project. This was the start of a new desired project.

2. January 2018 – Applied for HCD's IIG Program

HCD's Infill Infrastructure Grant program came out and we applied for funds to build infrastructure such as roads, sidewalks, urban greening and utility connections that are a condition of this project.

3. December 2018 – HEAP Application completed by City of Fort Bragg (awarded)

This funding was the first major win for the project, also pioneered by the City of Fort Bragg. Danco worked with the City's Community Development department to apply for this fund and were awarded. This fund is crucial to getting this project off the ground since Tax Credit and other funding sources need to see sizeable local funding dedicated to the project to win in this competitive funding climate.

4. March 2019 – Applied for CDCMC's Project-Based Voucher program (awarded)

Another huge win for this project. Danco applied for the CDCMC's allotment of project-based rental assistance as we realized that the City's and HEAP funds were not enough to win the competitive funding process at TCAC and other funds.

5. March 2019 – Applied for 1st Round 9% Tax Credits

25.138% tie breaker was not enough to win the competition.

6. July 2019 – Applied for 2nd Round 9% Tax Credits

31.383% tie breaker was not enough to win the competition. Danco cut down on construction costs to get the tie breaker higher. We were not able to use the PBV allocation in the tie breaker calculation because NEPA hadn't been completed at that time. Now NEPA approval isn't necessary to count PBVS in the tie breaker.

7. November 2019 – Applied for 4% Tax Credits & State Credits

Danco applied for the new \$500 million in State Credits 4% tax credit round and wasn't successful. The program was heavily oversubscribed.

8. February 2020 – Applied for HCD's IIG Program

Application currently pending.

9. February 2020 – Applied for 4% Tax Credits

Application is currently being recommended for approval at the April allocation meeting.

10. March 2020 – Applied for 1st Round 9% Tax Credits

Danco applied to the 9% program with a new tie breaker of 32.886% as we were able to use the PBVs in the calculation. Application was withdrawn because we are expecting an award from the February 4% application.

Mendocino County Homeless Services Continuum of Care COVID Funding \$152,982.14 Update

The purpose of this report is to document the decision made at the April 2, 2020, Special Meeting of the Mendocino County Homeless Services Continuum of Care Board, share our progress to date, and communicate our immediate future goals and objectives.

Our decision: It was determined as this is emergency COVID money, provided in direct support of the pandemic; it needs to be used for the most urgent need of the most vulnerable Mendocino County residents currently without housing, and experiencing homelessness.

The combined efforts of many who serve the homeless has resulted in over 100 people being housed in local motels. As we try to determine what it will cost to keep these folks housed in motels, we realize we may slightly exceed our \$152,983.14 COVID funds. We have reviewed this situation with Tammy Moss Chandler, and she agrees keeping the most vulnerable housed in motels is our most important objective. Tammy encourages us to stay on this path, and promises to work with us as we endeavor to do more than keep these folks in motels.

As you know, the COVID 19 Pandemic has us all in uncharted territory, and trying to foresee the future is fraught with huge challenge. Sometimes crisis sharpens our focus and resolve. It is often the best way to change hearts and minds. We would like to propose that this “motel voucher” housing program include common assessment and data gathering across the folks we are serving. As we discussed in our Special Board Meeting, our true objective is to get as many of these folks housed as possible. We are hoping the assessment process will help to identify the barriers we may be able to help the individuals overcome. Another important aspect of this work will be communicating our learning and results. We have all experienced dissention, often based on more emotion than factual information. With this project we have the opportunity to begin to change community perception.

In conclusion:

1. We are supportive of the motel vouchering program currently underway and want to utilize our \$152,982.14 to fully fund it.
2. We want to implement a common assessment tool to help us better understand the need and identify barriers we may be able to impact.
3. We want to provide information (education) to our county-wide stakeholders in hopes of improving understanding and enlarging our base of support for homeless services.
