- ❖ Wash hands/ use hand sanitizer
- ❖ Businesses must have Social Distance protocol (¶ 9(h.) App. A)
- ❖ Wearing facial coverings strengthens the protective measures provided by Social Distancing

1. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 9 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any provisions of this order constitutes an imminent threat to public health.

2. All individuals currently living within Mendocino County (the “County”) are ordered to shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all

times as reasonably possible maintain social distancing of at least six feet from any person outside of their household or living unit when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Section 9. Individuals experiencing homelessness are exempt from the requirement to shelter in the place of residence, but should at all times reasonably possible comply with Social Distancing Requirements as defined herein and are strongly urged to obtain appropriate shelter as soon as possible. Governmental and other entities, to the extent feasible, are encouraged to make such shelter available, especially for individuals at high risk of severe illness from COVID-19.

3. All businesses with a facility in the County, except Essential Businesses as defined below in Section 9, are ordered to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 9. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open, but Essential Businesses are directed to maximize the number of employees who work from home. Essential Businesses may only assign those employees who cannot perform their job duties from home to work outside the home. All Essential Businesses shall prepare, post, and implement a Social Distancing Protocol at each of their facilities at which they are maintaining operations, as specified in Section 9. Businesses that include an Essential Business component at their facilities alongside non-essential components must, to the extent feasible, scale down their operations to the Essential Business component only; provided, however, that mixed retail businesses that are otherwise allowed to operate under this Order may continue to stock and sell non-essential products. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 9 below, including, but not limited to, when any customers are standing in line.
4. All public and private gatherings of any number of people occurring outside a household or living unit are prohibited except for the limited purposes expressly permitted in this Order. Nothing in this Order prohibits members of a single household or living unit from engaging in Essential Travel or Essential Activities together.
5. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 9, is prohibited. People may use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions, or to perform Minimum Basic Operations at a non-essential business, as defined in Section 9 of this Order. Transit agencies and people riding on public transit must comply with Social Distancing Requirements as defined in Section 9 below, to the greatest extent feasible. This Order allows travel into or out of the County to perform Essential Activities, operate Essential Businesses, or maintain Essential Governmental Functions, or to perform Minimum Basic Operations at a non-essential business.
6. This Order is issued based on evidence of increasing occurrence of COVID-19 throughout California and the World, increasing likelihood of occurrence of COVID-19 within the County, the physical damage to property caused by the virus, scientific evidence, and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of COVID-19 in the region, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract COVID-19 have no symptoms or have mild

symptoms, which means they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of COVID-19, this Order helps preserve critical and limited healthcare capacity in the County.

7. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020 Declaration of the Health Officer; the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom; the March 19, 2020 Executive Order N-33-20 and corresponding California State Public Health Officer Order and Essential List of Critical Infrastructure Workers, the March 4, 2020 Proclamation of Local Emergency for the County of Mendocino issued by the Director of Emergency Services Declaring the Existence of a Local Emergency in the County Regarding Novel Coronavirus 2019 (COVID-19); the March 10, 2020 Resolution of the Board of Supervisors of the County of Mendocino Ratifying and Extending the Declaration of a Local Health Emergency, and Ratifying and Extending the Proclamation of a Local Emergency.
8. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention, the California Department of Public Health, and other public health officials throughout the United States and around the world, including a variety of prior orders to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders related to COVID-19.

11. For purposes of this Order, all recreational sites, including parks, playgrounds, beaches, and navigable waterways for recreational purposes are closed, except that they may be used for those outdoor activities allowed under section 9.a.iii, provided that (1) every person using the location complies with those limitations on the use of motor vehicle or public transportation set out in section 9.a.iii.a, (2) the owner, operator and/or agency responsible for the recreation site has chosen to allow the recreation site to be open, and (3) the owner, operator and/or agency responsible for the recreation site has adopted a social distancing protocol for each such recreation area, which it has publicly posted at the recreational site. In the event of crowding, recreation sites may be closed by the Health Officer on a case by case basis.

12. Government agencies and other entities operating shelters and other facilities that house or provide meals or other necessities of life for individuals experiencing homelessness must take appropriate steps to help ensure compliance with Social Distancing Requirements, including the adopting and posting of a social distancing protocol and adequate provision of hand sanitizer, soap and water, or other disinfectant.
