**ORDER OF THE HEALTH OFFICER
OF THE COUNTY OF MENDOCINO DIRECTING ALL INDIVIDUALS IN THE COUNTY
TO CONTINUE TO SHELTER AT THEIR PLACE OF RESIDENCE EXCEPT FOR
ESSENTIAL NEEDS AND IDENTIFIED OUTDOOR ACTIVITIES IN COMPLIANCE WITH
SPECIFIED REQUIREMENTS AND THAT THEY MAY LEAVE TO PROVIDE OR
RECEIVE CERTAIN ESSENTIAL SERVICES OR ENGAGE IN CERTAIN ESSENTIAL
ACTIVITIES AND WORK FOR ESSENTIAL OR LOWER RISK BUSINESSES, AND
GOVERNMENTAL SERVICES; PROVIDING LIMITED EXEMPTIONS FROM THE
SHELTER IN PLACE ORDER TO INDIVIDUALS EXPERIENCING HOMELESSNESS;
REQUIRING ALL BUSINESSES AND RECREATION FACILITIES THAT ARE
ALLOWED TO OPERATE TO IMPLEMENT SOCIAL DISTANCING, FACE COVERING,
AND CLEANING PROTOCOLS; AND DIRECTING ALL BUSINESSES, FACILITY
OPERATORS, AND GOVERNMENTAL AGENCIES TO CONTINUE THE TEMPORARY
CLOSURE OF ALL OTHER OPERATIONS NOT ALLOWED UNDER THIS ORDER**

DATE OF ORDER: MAY 8, 2020
EFFECTIVE UNTIL June 8, 2020

Please read this Order carefully. Violation of or failure to comply with this Order is a misdemeanor punishable by fine, imprisonment, or both. (California Health and Safety Code § 120295, et seq., Cal. Penal Code §§ 69, 148(a)(1))

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, AND PENAL CODE SECTION 409.5(a), THE HEALTH OFFICER OF THE COUNTY OF MENDOCINO (“HEALTH OFFICER”) ORDERS:

1. This Order hereby supersedes the prior Shelter in Place Orders previously issued by the Mendocino County Health Officer on April 29, 2020 (“Prior Order”). This Order amends, clarifies, and extends certain terms of the Prior Order to ensure continued social distancing and limit person-to-person contact to reduce the rate of transmission of Novel Coronavirus Disease 2019 (“COVID-19”). This Order continues to restrict most activity, travel, and governmental and business functions. But in light of progress achieved in slowing the spread of COVID-19 in the County of Mendocino (the “County”) neighboring counties, and the region, the Order allows (only to the extent not otherwise prohibited by the State of California through the Governor’s Executive Orders and State Public Health Directives) a limited number of additional Essential Businesses, certain lower risk Outdoor Businesses and new Lower Risk Businesses (as defined in Section 14 below) to

SOCIAL DISTANCING & HYGIENE

(See ¶ 14(s))

- ❖ Stay 6+ feet away from others when outside of your home (no shaking hands!)
- ❖ Cover coughs & sneezes (cough into your elbows not your hands!)
- ❖ Wash hands/ use hand sanitizer
- ❖ Businesses must have Social Distance & Hygiene protocol (¶ 14(k.) App. A)
- ❖ Wearing facial coverings pursuant to separate Health Officer Order effective May 1, 2020

resume operating. This initial, measured resumption of those activities is designed to keep the overall volume of person-to-person contact very low to prevent a surge in COVID-19 cases in the County and neighboring counties. The activities allowed by this Order will be assessed on an ongoing basis and may need to be modified if the risk associated with COVID-19 increases in the future, as described in Section 9. As of the effective date and time of this Order set forth in Section 19 below, all individuals, businesses, and government agencies in the County are required to follow the provisions of this Order.

2. The primary intent of this Order is to ensure that County residents continue to shelter in their places of residence to slow the spread of COVID-19 to the maximum extent possible and mitigate the impact on delivery of critical healthcare services. This Order allows a limited number of additional essential, outdoor, and lower risk business activities to resume while the Health Officer continues to assess the transmissibility and clinical severity of COVID-19 and monitors indicators described in Section 9. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 14(s.) below except as expressly provided in this Order, and are also required to wear facial coverings as provided in the Health Officer's April 24, 2020 Face Covering Order ("Face Covering Order"). All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any provisions of this order constitutes an imminent threat to public health and menace to public health, constitutes a public nuisance, and is punishable by fine, imprisonment or both.
3. All individuals currently living within Mendocino County (the "County") are ordered to shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times as reasonably possible maintain social distancing of at least six feet from any person outside of their household or living unit when they are outside their residence. All persons may leave their residences only for Essential Activities defined in Section 14(a.), Essential or Lower Risk Governmental Functions defined in Section 14(d.), to work for or operate Essential Businesses, defined in Section 14(g.), Outdoor Businesses defined in Section 14(h.), Lower Risk Businesses defined in Section 14(j.), or to perform Minimum Basic Operations for other businesses that must remain temporarily closed, as provided in Section 14(p.). Individuals experiencing homelessness are exempt from the requirement to shelter in the place of residence, but should at all times reasonably possible comply with Social Distancing Requirements as defined herein and are strongly urged to obtain appropriate shelter as soon as possible. Governmental and other entities, to the extent feasible, are encouraged to make such shelter available, especially for individuals at high risk of severe illness from COVID-19.
4. All businesses with a facility in the County, except Essential, Outdoor, and Lower Risk Businesses as defined below in Section 14, are ordered to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 14(p.). For clarity, businesses may also continue operations consisting exclusively of owners, personnel, employees, volunteers, or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open, but all businesses are directed to maximize the number of employees who work from home. Essential Businesses, Lower Risk Businesses and Outdoor Businesses may only assign those personnel who cannot perform their job duties from home to work outside the home. Outdoor Businesses must conduct all business and transactions involving members of the public outdoors. Per the Governor's Resilience Roadmap, before reopening and every two (2) weeks, all businesses must: (1) Perform a detailed risk assessment and implement a site-specific protection plan; (2) train employees on how to limit the spread of COVID-19, including how to screen themselves

for symptoms and stay home if they have them; (3) implement individual control measures and screenings; (4) implement disinfecting protocols; and (5) implement physical distancing guidelines. Further, as a condition of operating under this Order, all businesses shall follow industry specific guidance issued by the State (<https://covid19.ca.gov/roadmap/#guidance>), any local industry-specific guidance specific that may be developed in the County, and prepare or update, post, implement, and distribute to their personnel, a Social Distancing and Hygiene Protocol as described in Section 14(k) and attached Appendix A, at each of their facilities at which they are maintaining operations, as specified in Section 14. Businesses that include an Essential Business or Outdoor Business component at their facilities alongside other components must, to the extent feasible, scale down their operations to the Essential Business or Outdoor Business component only; provided, however, that mixed retail businesses that are otherwise allowed to operate under this Order may continue to stock and sell non-essential products. To the greatest extent feasible, all businesses allowed to operate under this Order shall comply with Social Distancing Requirements as defined in Section 14 below, including, but not limited to, when any customers are standing in line. All businesses allowed to operate under this Order must follow any State guidance and industry-specific guidance related to COVID-19 that will be developed by industry leaders in the County and adopted by the Health Officer.

5. All public and private gatherings of any number of people occurring outside a household or living unit are prohibited except for the limited purposes expressly permitted in this Order. Nothing in this Order prohibits members of a single household or living unit from engaging in Essential Travel, Essential Activities, or Outdoor Activities together.
6. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 14, is prohibited. People may use public transit or other forms of transportation only for purposes of performing Essential Activities and Outdoor Activities, or to travel to and from work to operate Essential Businesses, Lower Risk Businesses, or Outdoor Businesses, to maintain Essential or Lower Risk Governmental Functions, or to perform Minimum Basic Operations at all other businesses that must remain temporarily closed, as defined in Section 14 of this Order. Transit agencies and people riding on public transit must comply with Social Distancing Requirements as defined in Section 14(s.) below, to the greatest extent feasible, and personnel and passengers must wear facial coverings as provided by the Face Covering Order, unless otherwise exempted by that order.
7. This Order is issued based on evidence of increasing occurrence of COVID-19 throughout California and the World, increasing likelihood of occurrence of COVID-19 within the County, the physical damage to property caused by the virus, scientific evidence, and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of COVID-19 in the region, which is a pandemic according to the World Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract COVID-19 have no symptoms or have mild symptoms, which means they may not be aware they carry the virus and are transmitting it to others. Further, evidence shows that the virus can survive for hours to days on surfaces and be indirectly transmitted between individuals. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit

interactions among people to the greatest extent practicable. By reducing the spread of COVID-19, this Order helps preserve critical and limited healthcare capacity in the County.

8. The collective efforts taken to date regarding this public health emergency have slowed the virus' trajectory, but the emergency and attendant risk to public health remain significant. As of May 7, 2020, there are 12 confirmed cases of COVID-19 in the County (up from 8 on April 24, 2020). Evidence suggests that the restrictions on mobility and social distancing requirements imposed by the Prior Order are slowing the rate of increase in confirmed cases by limiting interactions among people, consistent with scientific evidence of the efficacy of similar measures in other parts of the State, the Country, and the world.
9. The Health Officers will continue the following key indicators ("COVID-19 Indicators"), which are the primary factors informing decisions whether to modify existing shelter-in-place restrictions. Progress on all of these COVID-19 Indicators makes it appropriate, at this time, to ease certain restrictions imposed by the Prior Order to allow individuals to engage in a limited set of additional activities and perform work for a limited set of additional businesses associated with the lower risk of COVID-19 transmission, as set forth in Section 14. But the continued prevalence of the virus that causes COVID-19 requires most activities and business functions to remain restricted, and those activities that are permitted to occur must do so subject to social distancing and other infection control practices identified by the Health Officer. Progress on the COVID-19 Indicators will be critical to determinations by the Health Officer regarding whether the restrictions imposed by this Order may be further modified, including reverting back to more restrictive orders. The Health Officer will continually review whether modifications to the Order are justified based on (1) progress on the COVID-19 Indicators; (2) developments in epidemiological and diagnostic methods for tracing, diagnosing, treating, or testing for COVID-19; and (3) scientific understanding of the transmission dynamics and clinical impact of COVID-19. The COVID-19 Indicators include, but are not limited to, the following:
 - a. The trend of the number of new COVID-19 cases and hospitalizations per day.
 - b. The capacity of hospitals and the health system in the County and region, including acute care beds and Intensive Care Unit beds, to provide care for COVID-19 patients and other patients, including during a surge in COVID-19 cases.
 - c. The supply of personal protective equipment (PPE) available for hospital staff and other healthcare providers and personnel who need PPE to safely respond to and treat COVID-19 patients.
 - d. The ability and capacity to quickly and accurately test persons to determine whether they are COVID-19 positive, especially those in vulnerable populations or high-risk settings or occupations.
 - e. The ability to conduct case investigation and contact tracing for the volume of cases and associated contacts that will continue to occur, isolating confirmed cases and quarantining persons who have had contact with confirmed cases.
10. The scientific evidence shows that at this stage of the emergency, it remains essential to continue to slow virus transmission to help (a) protect the most vulnerable; (b) prevent the health care system from being overwhelmed; (c) prevent long-term chronic health conditions, such as cardiovascular, kidney, and respiratory damage and loss of limbs from blood clotting; and (d) prevent deaths. Extension of the Prior Order is necessary to slow the spread of the COVID-19 disease, preserving critical and limited healthcare capacity in the County and advancing toward a point in the public health emergency where transmission can be controlled. At the same time, since the Prior Order was issued the County has made significant progress in

expanding health system capacity and healthcare resources and has not been proven to have community transmission of COVID-19. In light of progress on these indicators, and subject to continued monitoring and potential public health-based responses, it is appropriate at this time to allow additional businesses to operate, including Outdoor Businesses, and Lower Risk Businesses to operate in the County. Outdoor Businesses, by virtue of their operation outdoors, likely carry a lower risk of transmission than most indoor businesses. Because Outdoor Businesses as defined in section 14(h.), generally involve only brief and limited person-to-person interactions, they also likely carry lower risk of transmission than business activities prohibited under the Order, which tend to involve prolonged interactions between individuals in close proximity or in confined spaces where transmission is more likely. Lower Risk Businesses are also able to comply with Social Distancing and Hygiene requirements.

11. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020 Declaration of the Health Officer; the March 4, 2020 Proclamation of a State of Emergency issued by Governor Gavin Newsom; the March 19, 2020 Executive Order N-33-20 and corresponding California State Public Health Officer Order and Essential List of Critical Infrastructure Workers, the May 4, 2020, Executive Order N-60-20 directing continued compliance with State Public Health Directives, and the May 7, 2020 Order of the State Public Health Officer allowing all local health jurisdictions to begin gradual movement into Stage 2, effective May 8, 2020; the March 4, 2020 Proclamation of Local Emergency for the County of Mendocino issued by the Director of Emergency Services Declaring the Existence of a Local Emergency in the County Regarding Novel Coronavirus 2019 (COVID-19); the March 10, 2020 Resolution of the Board of Supervisors of the County of Mendocino Ratifying and Extending the Declaration of a Local Health Emergency, and Ratifying and Extending the Proclamation of a Local Emergency.
12. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention, the California Department of Public Health, and other public health officials throughout the United States and around the world, including a variety of prior orders to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders related to COVID-19, as changing circumstances dictate.
13. This Order is also issued in light of the March 19, 2020 Order of the State Public Health Officer (the "State Shelter Order"), which set baseline statewide restrictions on non-residential business activities, effective until further notice, as well as the Governor's March 19, 2020, Executive Order N-33-20 directing California residents to follow the State Shelter Order, and the May 4, 2020, Executive Order N-60-20 directing continued compliance with State Public Health Directives, including the State Shelter Order. On April 14, 2020, the State presented the Pandemic Roadmap, a four-stage plan for modifying the State Shelter Order, and on May 4, 2020, announced that entry into Stage 2 of the plan would be imminent. On May 7, 2020, the State released updated industry guidance to help reopen some sectors, including retail, manufacturing and logistics, with modifications, beginning May 8, 2020. The State Shelter Order and updated industry guidance is complementary to the Prior Order and is complementary to this Order. This Order adopts in certain respects more stringent restrictions addressing the particular facts and circumstances in this County, which are necessary to control the public health emergency as it is evolving within the County and the region. Without this tailored set of restrictions that further reduces the number of interactions between persons, scientific evidence indicates that the public health crisis in the County will worsen to the point at which it may overtake available health care resources within the County. Also, this Order enumerates new guidelines on non-work-related travel not covered by the State Shelter Order; sets forth mandatory Social Distancing and Hygiene Requirements for all individuals in the County when engaged in activities outside their residences; and adds a mechanism to ensure

that all businesses with facilities that are allowed to operate under the Order comply with the Social Distancing and Hygiene Requirements. Where a conflict exists between this Order and any state public health order related to the COVID-19 pandemic, the most restrictive provision controls. Consistent with California Health and Safety Code section 131080 and the Health Officer Practice Guide for Communicable Disease Control in California, except where the State Health Officer may issue an order expressly directed at this Order and based on a finding that a provision of this Order constitutes a menace to public health, any more restrictive measures in this Order continue to apply and control in this County. In addition, to the extent any federal guidelines allow activities that are not allowed by this Order, this Order controls and those activities are not allowed.

14. Definitions and Exemptions.

- a. For purposes of this Order otherwise, individuals are allowed to leave their residence only to perform any of the following “Essential Activities.”
 - i. To engage in activities or perform tasks essential to their health and safety, or to the health and safety of their family or household members (including, but not limited to, pets), such as, by way of example only and without limitation, obtaining medical supplies or medication, or visiting a health care professional, or obtaining supplies they need to work from home.
 - ii. To obtain necessary services or supplies for themselves and their family or household members, or to deliver those services (such as cleaning or disinfection services), or supplies to others, such as, by way of example only and without limitation, canned food, dry goods, fresh fruits and vegetables, pet supply, fresh meats, fish, and poultry, and any other household consumer products, and products necessary to maintain the safety, sanitation, and essential operation of residences.
 - iii. To engage in outdoor recreation activity, such as walking, jogging, hiking or bicycling, swimming, surfing, kayaking, canoeing, golfing, animal-related recreation, and any lawful solitary activity in compliance with the Social Distancing Requirements in this order, in compliance with the Health Officer’s Orders pertaining to Facial Coverings, and with the following limitations:
 - a. The recreation must be initiated from within fifty (50) miles of one’s residence (as measured in a straight line on a map), and is urged to remain within one county to limit the transmission of the virus;
 - b. Outdoor recreation activity at parks, beaches, and other open spaces must comply with any restrictions on access and use established by the Health Officer, government, or other entity that manages such area to reduce crowding and risk of transmission of COVID-19. Such restrictions may include, but are not limited to, restricting the number of entrants, closing the area to vehicular access and parking, closure to all public access, or limitation of the hours of access;
 - c. Use of recreational areas with high-touch equipment or that encourage gathering, including, but not limited to, playgrounds, outdoor gym equipment, picnic areas, and barbecue areas, is prohibited outside of residences, and all such areas shall be closed to public access including by signage and, as appropriate, by physical barriers;
 - d. Sports or activities approved in this section that include the use of shared equipment or physical contact between participants may only be engaged in by members of the same household or living unit, or children (age 12 or under) in a Stable Group of 12, as defined in Section 14(u.).
 - e. Use of shared facilities for recreational activities that may occur outside of residences, consistent with the restrictions set forth in subsections a., b., c., and d. above (i.e., solitary, within the same household or living unit, or children in a Stable Group of 12), including, but not limited to, golf courses,

- skate parks, athletic fields, shooting and archery ranges, basketball courts, tennis courts, horseback riding facilities and stables (singles), disc golf parks, dog parks, boat ramps, animal-related recreation facilities, must, before they may begin, comply with social distancing and health/safety protocols posted at the site and any other restrictions, including prohibitions, on access and use established by the Health Officer, government, or any other entity that manages such an area to reduce crowding and risk of transmission of COVID-19, (See, e.g., Appendix C-1 Recreational Safety Protocol COVID-19 Prevention (Golf)).
- iv. People in a household or living unit, or other Stable Group of 12 or less, (defined in Section 14(u.) may recreate in their vehicles by way of example, travel to a location for outdoor recreation, attend a ceremony or a live-streamed or video-recorded event, or simply engage in recreational driving or boating. Persons not in the same household, occupying the same vehicle must be part of a Stable Group of 12 and should attempt to maximize social distancing, facial coverings, or other protective measures, to the extent practical. The vehicular recreation must stay within fifty (50) miles of one's residence (as measured in a straight line on a map), and is urged to remain within one county to limit the transmission of the virus.
 - v. To perform work providing essential products and services at an Essential Business, Outdoor Business, Lower Risk Business, or to otherwise carry out activities specifically permitted in this Order, including Minimum Basic Operations.
 - vi. To provide necessary care for a family member or pet in another household who has no other source of care or who needs assistance, or to care for the property of a family member who is hospitalized or deceased.
 - vii. To attend a funeral with no more than 12 individuals (including staff) present, and at which members of different households or living units maintain social distancing from each other.
 - viii. To perform volunteer activities or services in groups of 12 individuals or less (including staff), and at which members of different households or living units maintain social distancing from each other, for all businesses or activities allowed under this Order.
 - ix. To move residences. When moving into or out of the Mendocino County, individuals are strongly urged to quarantine for 14 days. To quarantine, individuals should follow the guidance of the United States Centers for Disease Control and Prevention.
 - x. Healthcare personnel, first responders, and disaster service workers who have traveled outside of Mendocino County and are returning to essential activities in Mendocino County are strongly urged to either quarantine for 14 days or follow the specific CDC Guidance for healthcare personnel (HCP) found at: <https://www.cdc.gov/coronavirus/2019-ncov/hcp/guidance-risk-assesment-hcp.html>
- b. For purposes of this Order, individuals may leave their residence to work or volunteer for, or obtain services at any "Healthcare Operations" including, including without limitation, hospitals, clinics, dentists, pharmacies, pharmaceutical and biotechnology companies, other healthcare facilities, healthcare suppliers, home healthcare services providers, mental health providers, COVID-19 testing locations, blood banks and blood drives, or any related and/or ancillary healthcare services. "Healthcare Operations" also includes veterinary care and all healthcare services provided to animals. This exemption shall be construed broadly to avoid any impacts to the delivery of healthcare, broadly defined. "Healthcare Operations" does not include fitness and exercise gyms and similar facilities. Licensed cannabis retail facilities/dispensaries shall operate only via curbside pickup or delivery.
 - c. For purposes of this Order, individuals may leave their residence to provide any services or perform any work necessary to the operations and maintenance of "Essential Infrastructure," including, but not limited to, construction, as permitted in this Order, airport operations, utilities (including water, sewer, gas, and electrical), oil refining, roads and

- highways, public transportation, solid waste facilities (including collection, removal, disposal, recycling, and processing facilities), internet, and telecommunications systems (including the provision of essential global, national, and local infrastructure for computing services, business infrastructure, communications, and web-based services), cemeteries, mortuaries, crematoriums, provided that they carry out those services or that work in compliance with Social Distancing and Hygiene Requirements as defined in this Section, to the extent possible.
- d. For purposes of this Order, all first responders, emergency management personnel, emergency dispatchers, court personnel, and law enforcement personnel, and others who need to perform essential services are categorically exempt from this Order while performing their essential functions. Further, nothing in this Order shall prohibit any individual from performing or accessing “Essential Governmental Functions,” or “Lower Risk Governmental Functions” as determined by the governmental entity performing those functions in the County. Each governmental entity shall identify and designate appropriate employees, contractors, or volunteers to continue providing and carrying out any Essential or Lower Risk Governmental Functions, including the hiring or retention of new personnel or contractors to perform such functions. All Essential or Lower Risk Governmental Functions shall be performed in compliance with Social Distancing Requirements as defined in this Section, to the extent possible and each governmental entity and its contractors must employ all necessary emergency protective measures to prevent, mitigate, respond to and recover from the COVID-19 pandemic.
 - e. For purposes of this Order, a “business”, includes any for-profit, non-profit, or educational entities, regardless of the nature of the service, the function they perform, or its corporate or entity structure.
 - f. Skilled nursing facilities are prohibited from allowing visitation with their residents unless the resident is experiencing end of life.
 - g. For the purposes of this Order, “Essential Businesses” means those same essential critical infrastructure sectors and workers as ordered by the Executive Orders of the Governor of the State of California, and as explained and updated in the list of Essential Critical Infrastructure Workers. All such essential businesses shall follow industry specific guidance as issued by the State at <https://covid19.ca.gov/roadmap/#guidance>. In addition, the following identifies Essential Businesses for purposes of this Order:
 - i. Healthcare Operations and businesses that operate, maintain, or repair Essential Infrastructure;
 - ii. Grocery stores, licensed farmers’ markets, farm and produce stands, supermarkets, food banks, convenience stores, and other establishments engaged in the retail sale of unprepared food, canned food, dry goods, fresh fruits and vegetables, pet supplies, fresh meats, fish, and poultry, as well as hygienic products and any other household consumer products (such as cleaning and personal care products). This includes stores that sell groceries and also sell other non-grocery products, and products necessary to maintaining the safety, sanitation, and essential operation of residences. The businesses included in this subparagraph (ii) include establishments that sell multiple categories of products provided that they sell a significant amount of essential products identified in this subparagraph, such as liquor stores that also sell a significant amount of food;
 - iii. Agriculture, including but not limited to, food and beverage cultivation, farming; ranching, commercial seaweed harvesting, fishing for food, aquaculture and seafood harvesting, forestry, livestock and legal cannabis and other medicines;
 - iv. Businesses that are necessary to supply agriculture, food, and beverage cultivation, processing and distribution. These businesses shall be closed to the public, except that retail sales to the public may occur via curbside pick-up, delivery, shipping, farm and produce stands, or farmer’s markets, where otherwise allowed by law. Such

- businesses include agriculture, farming, ranching, fishing, dairies, creameries, wineries, breweries, and licensed cannabis businesses;
- v. Human service providers, especially for at risk populations, and businesses that provide food, shelter, healthcare services, support for activities of daily living, social services, and other necessities of life to people who are economically disadvantaged or people with disabilities, older adults, and others with chronic health conditions who live independently in the community with supports and services;
 - vi. Construction, but only of the types listed in this subparagraph below:
 - a. Projects immediately necessary to the maintenance, operation, or repair of Essential Infrastructure;
 - b. Projects associated with Healthcare Operations, including creating or expanding Healthcare Operations, provided that such construction is directly related to the COVID-19 response;
 - c. Housing;
 - d. Public works projects;
 - e. Shelters and temporary housing;
 - f. Projects immediately necessary to provide critical non-commercial services to individuals experiencing homelessness, elderly persons, persons who are economically disadvantaged, and persons with special needs;
 - g. Construction necessary to ensure that existing construction sites that must be shut down under this Order are left in a safe and secure manner, but only to the extent necessary to do so; and
 - h. Construction or repair necessary to ensure that residences and buildings containing Essential Businesses or non-essential business conducting Minimum Basic Operations are safe, sanitary, or habitable to the extent such construction or repair cannot reasonably be delayed;
 - i. All construction as defined in Lower Risk Businesses below and as permitted in the State Shelter Order, which may be revoked as necessary pursuant to the indicators in Section 9 above.
 - vii. Newspapers, television, radio, and other media services;
 - viii. Gas stations and auto-supply, auto-repair (including, but not limited to, for cars, trucks, motorcycles and motorized scooters), and related facilities;
 - ix. Automotive dealerships, with strict adherence to the State COVID-19 Industry Guidance: Automobile Dealerships and Rentals (<https://covid19.ca.gov/pdf/guidance-auto-dealerships.pdf>);
 - x. Bicycle repair and supply shops;
 - xi. Banks and related financial institutions;
 - xii. Service providers that enable real estate transactions (including rentals, leases, and home sales), including, but not limited to, real estate agents, escrow agents, notaries, real estate brokers, and title companies. Agents who show properties should follow industry specific guidance (<https://covid19.ca.gov/pdf/guidance-real-estate.pdf>) and appointments and other residential viewings must only occur virtually, if feasible. If a virtual viewing is not feasible, in person viewing of properties is only allowed if:
 - a. The viewing is made by appointment,
 - b. The viewing includes no more than one buying party at a time and one individual showing the unit,
 - c. The viewing does not involve travel with overnight accommodations,
 - d. the residence being shown is unoccupied during the showing, and no one who has been living in the residence has been in an isolation or quarantine for 14 days or more, and no one has had COVID-19 related symptoms for 14 days or more prior to the showing.

- e. The person showing the property ensures that every surface touched during a viewing is disinfected, that everyone present for the viewing wears a facial covering at all times, and that social distancing requirements are adhered to at all times.
- xiii. Hardware, home improvement stores, home appliance stores, and nurseries;
- xiv. Plumbers, electricians, exterminators, and other service providers who provide services that are necessary to maintaining the habitability, safety, sanitation, and essential operation of residences, Essential Activities, Essential Businesses, and Lower Risk Businesses;
- xv. Arborists, landscapers, gardeners, and similar service professionals, but only to the limited extent necessary to maintain the habitability, sanitation, operation of businesses or residences, or the safety of residents, employees, or the public (such as fire safety or tree trimming to prevent a dangerous condition), and not for purely cosmetic purposes;
- xvi. Businesses providing mailing and shipping services, including post office boxes;
- xvii. Educational institutions—including public and private K-12 schools, colleges, and universities—for purposes of facilitating distance learning or performing essential functions, or as allowed under subparagraph xxix. regarding Childcare establishments, provided that social distancing of six feet per person is maintained to the greatest extent possible for those who are age 13 and older;
- xviii. Laundromats, drycleaners, and laundry service providers;
- xix. Restaurants and other facilities that prepare and serve food, but only for delivery or carry-out. Schools and other entities that typically provide free food services to students or members of the public should continue to do so under this Order on the condition that the food is provided to students or members of the public on a pick-up and take-away basis only. Schools and other entities that provide food services under this exemption shall not permit the food to be eaten at the site where it is provided, or at any other gathering site. Food trucks shall comply with California Department of Public Health Guidance regarding Retail Food, Beverage, and Other Related Service Venues issued March 16, 2020;
- xx. Funeral home providers, mortuaries, cemeteries, and crematoriums, to the extent necessary for the transport, preparation, or processing of bodies or remains;
- xxi. Businesses that supply other essential businesses with the support or supplies necessary to operate. This exemption alone shall not be used as a basis for engaging in sales to the general public from retail storefronts;
- xxii. Workers supporting restaurant carry-out and quick serve food operations and businesses that ship or deliver groceries, food, goods or services directly to residences as long as all COVID-19 precautionary measures are implemented;
- xxiii. Taxis and other private transportation providers providing transportation services necessary for Essential Activities and other purposes expressly authorized in this Order;
- xxiv. Home-based care for seniors, adults, disabled persons, pets or children;
- xxv. Residential facilities and shelters for seniors, adults, and children;
- xxvi. Professional services, such as legal, notary or accounting services, when necessary to assist in compliance with non-elective, legally mandated activities, estate and end of life planning;
- xxvii. Services to assist individuals in finding employment with Essential Businesses;
- xxviii. Moving services that facilitate residential or commercial moves that are allowed under this Order
- xxix. Childcare and other programs providing care or supervision for children of all ages to enable families to perform Essential Activities, and to enable owners, employees, volunteers, and contractors to perform work as allowed under this Order. To the

extent possible, childcare facilities are ordered to operate under the following conditions:

- a. Complying with CDC Reopening Guidance for Cleaning and Disinfecting Public Spaces, Workplaces, Businesses, Schools and Homes (<https://www.cdc.gov/coronavirus/2019-ncov/community/reopen-guidance.html>);
 - b. Childcare must be carried out in a Stable Group of 12 or fewer.
 - c. Notwithstanding section 14.u herein, a childcare provider or other program operating as an essential business may change the composition of a Stable Group of 12 children when necessary to accommodate the needs of a child, to accommodate an unexpected change in a parent's occupation or work schedule, or due to other extraordinary circumstances, provided that the provider or program employ reasonable efforts to minimize the number of such changes over any 30 day period.
 - d. If more than one group of children is cared for at one facility, each group shall be in a separate room. Groups shall not mix with each other.
 - e. Childcare providers or educators shall remain solely with one group of children and must also, not change groups more than once every 4 weeks.
 - f. Babysitters may also come to the residence to care for minors;
 - g. The Health Officer will carefully monitor the changing public health situation as well as any changes to the State Shelter Order. In the event that the State relaxes restrictions on childcare and related institutions and programs, the Health Officer will consider whether to similarly relax the restrictions imposed by this Order.
- xxx. Workers at animal care facilities that provide food, shelter, veterinary and/or routine care and other necessities of life for animals;
- h. For purposes of this Order, "Outdoor Businesses" means:
- i. The following businesses that normally operated primarily outdoors prior to March 17, 2020, and where there is the ability to fully maintain social distancing of at least six feet between all persons:
 - a. Businesses primarily operated outdoors, such as wholesale and retail plant nurseries, agricultural operations, garden centers, and recreational facilities.
 - b. Service providers that primarily provide outdoor services, such as landscaping and gardening services, and environmental site remediation services, to the extent it is not purely for aesthetic purposes.
 - ii. For clarity, "Outdoor Businesses" do not include outdoor restaurants, cafes, or bars.
- i. For purposes of this Order, "Outdoor Activities" means:
- i. To obtain goods, services, or supplies from, or perform work for, and Outdoor Business.
 - ii. To engage in outdoor recreation as permitted in Section 14(a.).
- j. For purposes of this Order, "Lower Risk Businesses" means:
- i. All retail establishments by curbside pick-up only, with adaptations such as following the COVID-19 Industry Guidance: Retail (<https://covid19.ca.gov/pdf/guidance-retail.pdf>), complying with CDC Reopening Guidance for Cleaning and Disinfecting Public Spaces, Workplaces, Businesses, Schools and Homes (<https://www.cdc.gov/coronavirus/2019-ncov/community/reopen-guidance.html>) and establishing a Social Distancing and Hygiene Protocol (Appendix A);
 - a. Retailers should encourage social distancing during pickup, e.g., loading items directly into a customer's trunk or leaving items at their door.
 - b. Retailers should install hands-free devices, if possible, including motion sensor lights, contactless payment systems, automatic soap and paper towel dispensers, and timecard systems.

- c. To the extent any such purchases by curbside must be returned or exchanged, it is strongly recommended that the retail establishment determine the appropriate disinfection prior to resale of the item, including a waiting period for restocking prior to resale for those items for which disinfection is not appropriate, (e.g., clothing) as early information from the CDC and other health experts suggests that SARS-CoV-2 can survive on certain types of surfaces, such as plastic and stainless steel, for 2-3 days.
 - ii. All manufacturing as permitted in the State Shelter Order is allowed with adaptations such as such as following the COVID-19 Industry Guidance: Manufacturing (<https://covid19.ca.gov/pdf/guidance-manufacturing.pdf>), complying with CDC Reopening Guidance for Cleaning and Disinfecting Public Spaces, Workplaces, Businesses, Schools and Homes (<https://www.cdc.gov/coronavirus/2019-ncov/community/reopen-guidance.html>) and establishing a Social Distancing and Hygiene Protocol (Appendix A),
 - a. Operation of manufacturing in a Stable Groups of 12 workers is strongly encouraged.
 - b. Manufacturing companies should close breakrooms, create outdoor break areas with shade covers and seating that ensures physical distancing.
 - iii. All construction as permitted in the State Shelter Order in accordance with COVID-19 Industry Guidance: Construction (<https://covid19.ca.gov/pdf/guidance-construction.pdf>), and pursuant to Construction Safety Protocols listed in Appendix B, and incorporated into this Order by this reference.
 - a. As of May 2, 2020, State Shelter Order defines permission construction as “construction, operation, inspection, and maintenance of construction sites and construction projects (including housing, commercial, and mixed-use construction); and workers who support the supply chain of building materials from production through application/installation, including cabinetry, fixtures, doors, cement, hardware, plumbing, electrical, heating/cooling, refrigeration, appliances, paint/coatings, and employees who provide services that enable repair materials and equipment for essential functions.”
 - iv. Workers providing cleaning and disinfection services.
 - v. Animal hygiene and care not purely for cosmetic purposes, e.g., dog grooming for health and safety reasons during foxtail and tick season, and while following Social Distancing Requirements between owners and all staff.
- k. For the purposes of this Order, all businesses that are operating at facilities in the County visited or used by the public or personnel must, as a condition of such operation, follow the COVID-19 Industry Guidance identified by the State (<https://covid19.ca.gov/roadmap/#guidance>); and prepare (or continue to maintain) and post a “Social Distancing and Hygiene Protocol” for each of their facilities in the County, provided, however, that construction activities shall instead comply with the Construction Project Safety Protocols set for in Appendix B and not the Social Distancing and Hygiene Protocol. The Social Distancing and Hygiene Protocol must be substantially in the form attached to this Order as Appendix A, and it must be updated from prior versions to address new requirements listed in this Order or in such industry-specific forms as are later adopted by the Health Officer. The Social Distancing and Hygiene Protocol must be posted at or near the entrance of the relevant facility, and shall be easily viewable by the public and personnel. A copy of the Social Distancing and Hygiene Protocol must also be provided to each person performing work at the facility. All businesses subject to this paragraph shall implement the Social Distancing and Hygiene Protocol and provide evidence of its implementation to any authority enforcing this Order upon demand. The Social Distancing and Hygiene Protocol must explain how the business is achieving the following, as applicable:
 - i. Limiting the number of people who can enter into the facility at any one time to

- ensure that people in the facility can easily maintain a minimum six-foot distance from one another at all times, except as required to complete the Essential Business activity;
- ii. Encouraging facial coverings to be worn by all persons entering the facility other than those exempted from facial coverings requirements (e.g., children 12 and under and those for whom it is not advised for health-related reasons, etc.), consistent with HO Order on Facial Coverings dated April 24, 2020;
 - iii. Where lines may form at a facility, marking six-foot increments at a minimum, establishing where individuals should stand to maintain adequate social distancing;
 - iv. Providing hand sanitizer, soap and water, or effective disinfectant at or near the entrance of the facility and in other appropriate areas for use by the public and personnel, and in locations where there is high- frequency employee interaction with members of the public (e.g., cashiers);
 - v. Providing for contactless payment systems or, if not feasible to do so, the providing for disinfecting all payment portals, pens, and styluses after each use;
 - vi. Regularly disinfecting other high-touch surfaces;
 - vii. Posting a sign at the entrance of the facility informing all personnel and customers that they should: avoid entering the facility if they have a cough or fever; maintain a minimum six-foot distance from one another; sneeze and cough into one's elbow; and not shake hands or engage in any unnecessary physical contact; and
 - viii. Any additional social distancing measures being implemented (see the Centers for Disease Control and Prevention's guidance at: <https://www.cdc.gov/coronavirus/2019-ncov/community/guidance-business-response.html>).
 - ix. Essential businesses are also encouraged to find ways to protect individuals over 65 years of age, or those who are otherwise at a greater risk from COVID-19, such as designated shopping hours. Further it is recommended that Essential Businesses encourage people to shop in the smallest groups possible.
 - l. For purposes of this Order, clothing sold in businesses allowed to operate under this Order, shall not be sold in any manner which allows the customer to try on before a purchase is made;
 - m. For purposes of this Order, single family residences shall not be rented as transient lodging and shall not be rented for vacation or other non-essential purposes, regardless of the duration of the stay. Further, the rental of transient lodging, defined as the provision of lodging services for a period of thirty (30) calendar days or less, that is not for Essential Activities or Essential Governmental or Essential Business purposes is prohibited for the protection of our community and to ensure the community has lodging available if necessary for surge capacity and emergency purposes.
 - n. For purposes of this Order, any Essential Business providing food, whether in retail establishment or restaurant, may not allow the provision of food by self-service from the customer, including the handling of shared utensils by customers for self-service of bakery items, deli items, soups, salads, shared condiment dispensers, or other similar food items, which cannot be washed by the customer prior to consumption.
 - o. For purposes of this Order, an employer shall not knowingly allow an employee to work sick in violation of section 15.
 - p. For the purposes of this Order, "Minimum Basic Operations" include the following, provided that employees comply with Social Distancing Requirements as defined in this Section, to the extent possible, while carrying out such operations:
 - i. The minimum necessary activities to maintain the value of the business's inventory and facilities; ensure security, safety, and sanitation; process payroll and employee

- benefits; provide for the delivery of existing inventory or gift cards directly to residences or businesses; and related functions. For clarity, this section alone does not permit businesses to provide curbside pickup to customers.
- ii. The minimum necessary activities to facilitate owners, employees, and contractors of the business being able to continue to work remotely from their residences, and to ensure that the business can deliver its service remotely.
 - iii. Those operations necessary for venues, such as concert halls, auditoriums, churches, temples, and playhouses, to enable a recorded and/or live-streamed event to be shared virtually with the public, with the following limitations:
 - a. Events at a single venue must involve not more than a Stable Group of 12 individuals present for the live event. All others must participate remotely, such as in separate vehicles or from their residence;
 - b. Social Distancing Requirements must be maintained, include maintaining at least six feet of physical distancing from other individuals (physical distancing not required for members of the same household or living unit), frequently washing hands with soap and water for at least twenty seconds as frequently as possible or using hand sanitizer that is recognized by the Centers for Disease Control and Prevention as effective in combatting COVID-19, covering coughs or sneezes (into the sleeve or elbow, not hands), regularly cleaning high-touch surfaces, not shaking hands, and, for those who are not on camera, to wear facial coverings as much as possible;
 - c. The venue should take measures to ensure that any additional risk of transmission of COVID-19, due to singing or any similar activity, is mitigated. Such measures may include the use of a plexiglass screen between singers in the same venue, proper ventilation, distancing greater than six feet, and ensuring singers are not positioned face-to-face.
 - q. For the purposes of this Order, "Essential Travel" includes travel for any of the following purposes. Individuals engaged in any Essential Travel must comply with all Social Distancing Requirements as defined in this Section below.
 - i. Any travel related to the provision of or access to Essential Activities, Essential and Lower Risk Governmental Functions, Essential Businesses, Minimum Basic Operations, Outdoor Activities, Outdoor Businesses, and Lower Risk Businesses.
 - ii. Any travel related to drive-in recreation, as specified in 14(a.)(iv.)
 - iii. Travel to care for elderly, minors, dependents, persons with disabilities, or other vulnerable persons.
 - iv. Travel to or from educational institutions for purposes of receiving materials for distance learning, for receiving meals, and any other related services.
 - v. Travel to return to a place of residence from outside the jurisdiction.
 - vi. Travel required by law enforcement or court order.
 - vii. Travel required for non-residents to return to their place of residence outside the County. Individuals are strongly encouraged to verify that their transportation out of the County remains available and functional prior to commencing such travel;
 - viii. Travel to manage after-death arrangements and burial;
 - ix. Travel to arrange for shelter or avoid homelessness;
 - x. Travel to avoid domestic violence or child abuse;
 - xi. Travel for parental custody arrangements; and
 - xii. Travel to a place to temporarily reside in a residence or other facility to avoid potentially exposing others to COVID-19, such as a hotel or other facility provided by a governmental authority for such purposes.

- r. For purposes of this Order, residences include hotels, motels, shared rental units and similar facilities. Residences also include living structures and outdoor spaces associated with those living structures, such as patios, porches, backyards, and front yards.
 - s. For purposes of this Order, "Social Distancing Requirements" include maintaining at least six feet of social distancing from other individuals, frequently washing hands with soap and water for at least twenty seconds as frequently as possible or using hand sanitizer that is recognized by the Centers for Disease Control and Prevention as effective in combatting COVID-19, covering coughs or sneezes (into the sleeve or elbow, not hands), regularly cleaning high-touch surfaces, not shaking hands, wearing a facial covering when out in public, to the extent required by the separate Health Officer Orders regarding Facial Coverings, and avoiding all social interactions outside the household when sick with a fever, cough, or other COVID-19 symptoms.
 - i. All individuals must strictly comply with Social Distancing Requirements, except to the limited extent necessary to provide care (including childcare, adult or senior care, care to individuals with special needs, and patient care); as necessary to carry out the work of Essential Businesses, Essential Governmental Functions, or provide for Minimum Basic Operations; or as otherwise expressly provided in this Order. Outdoor Activities, Lower Risk Businesses and Outdoor Businesses must strictly adhere to these Social Distancing Requirements.
 - t. To the extent the Sheriff or any chief of police has any questions regarding the definitions under this Order, the Health Officer hereby delegates authority to County Counsel to answer such questions in writing.
 - u. For the purposes of this Order, "Stable Group of 12" means a group of individuals with not more than twelve (12) members over a thirty (30) day time period. Stable Groups of 12 under sections 14.a.iii, 14.a.iv, 14.g.xxix, 14.j.ii, and 14.p.iii are each counted separately from each other. By way of example, a child may be part of one Stable Group of 12 for recreation (14.a.iii) and a different, Stable Group of 12 for childcare (14.g.xxix), but may not participate in two different Stable Groups of 12 for childcare purposes.
15. People at high risk of severe illness from COVID-19 and people who are sick are ordered to stay in their residence to the extent possible except as necessary to seek medical care. These people should make a reasonable effort to avoid leaving home by utilizing delivery services, telecommunications, or other means available. Nothing herein prevents a person at high risk of severe illness from leaving home for the reasons otherwise allowed under this Order, if the Essential Activity, Essential Business, or other permissible conduct cannot reasonably be accomplished at their place of residence. For purposes of this Order, "people at high risk of severe illness" from COVID-19 are people who meet the CDC definition of higher risk. Based upon available information to date, those at high-risk for severe illness from COVID-19 include:
- a. People aged 65 years and older.
 - b. People who live in a nursing home or long-term care facility.
 - c. Other high-risk conditions could include:
 - i. People with chronic lung disease or moderate to severe asthma.
 - ii. People who have serious heart conditions.
 - iii. People who are immunocompromised including cancer treatment.
 - iv. People of any age with severe obesity (body mass index [BMI] >40) or certain underlying medical conditions, particularly if not well controlled, such as those with diabetes, renal failure, or liver disease might also be at risk.

Please note, many conditions can cause a person to be immunocompromised, including cancer treatment, bone marrow or organ transplantation, immune deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications.

16. For purposes of this Order, all recreational sites, including parks, playgrounds, beaches, and navigable waterways for recreational purposes may be opened for those outdoor activities allowed under this Order under this conditions that (1) every person using the location complies with travel limitations set out in this Order (2) the owner, operator and/or agency responsible for the recreation site has chosen to allow the recreation site to be open, and (3) the owner, operator and/or agency responsible for the recreation site has adopted a social distancing protocol for each such recreation area, which it has publicly posted at the recreational site. Congregational areas in recreation sites, such as picnic tables, canopy areas, and playground equipment are closed, and must be designated as such before a recreational site is opened pursuant to a social distancing protocol. A Social Distancing and Hygiene Protocol for a recreation site shall include:
 - a. Identification, closure, and a means of marking any congregational areas, such as picnic tables, canopy areas, and playground equipment;
 - b. A method to avoid crowding or the use of the recreation site by any number of people too large to allow for social distancing;
 - c. A plan for sanitation and/or restrooms that ensures an adequate supply of soap or hand sanitizer and advises visitors to wash hands frequently, or a plan for notifying visitors of the lack of such facilities;
 - d. Posting a sign at the entrance of the recreation area informing all that they should:
 - i. avoid entering the recreation site if they have a cough or fever;
 - ii. maintain a minimum six-foot distance from persons who are not part of the same household or living unit;
 - iii. sneeze and cough into one's elbow;
 - iv. not shake hands or engage in any unnecessary physical contact;
 - v. wear facial coverings at all times;
 - vi. not use any facilities or equipment that are closed; and
 - vii. not engage in sports or other activities that use shared equipment.

For the purposes of this section, a public recreation area that has no owner, operator, and/or responsible agency (such as unmanaged land subject to the public trust doctrine), shall be considered to have adopted a social distancing protocol when it is accessed through property whose owner, operator and/or responsible agency has adopted a social distancing protocol under this section. In the event of crowding, recreation sites may be closed by the Health Officer on a case by case basis.

17. Government agencies and other entities operating shelters and other facilities that house or provide meals or other necessities of life for individuals experiencing homelessness must take appropriate steps to help ensure compliance with Social Distancing Requirements, including the adopting and posting of a Social Distancing and Hygiene Protocol and adequate provision of hand sanitizer, soap and water, or other disinfectant. Also, individuals experiencing homelessness who are unsheltered and living in encampments should, to the maximum extent feasible, abide by 12 foot by 12 foot distancing for the placement of tents, and government agencies should provide restroom and hand washing facilities for individuals in such encampments as set forth in Centers for Disease Control and Prevention Interim Guidance Responding to Coronavirus 2019 (COVID-19) Among People Experiencing Unsheltered Homelessness (<https://www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/unsheltered-homelessness.html>).

18. Pursuant to Government Code sections 26602 and 41601, Health and Safety Code section 101029 and Penal Code section 409.5(a), the Health Officer requests that the Sheriff and chiefs of police in the County ensure compliance with and enforce this Order. The violation of any provision of this Order constitutes an imminent threat to public health and menace to public health, constitutes a public nuisance, and is punishable by fine, imprisonment, or both.
19. This Order is effective for the period beginning at 11:59 p.m. on May 8, 2020, and may be rescinded, superseded, or amended in writing by the Health Officer.
20. This Order revokes and replaces the Order of the Health Officer originally issued on April 10, 2020, and all previous Shelter in Place Orders.
21. Copies of this Order shall promptly be: (1) made available at County of Mendocino Executive Office, County Administration Building, 501 Low Gap Road, Ukiah, California 95482 (2) posted on the County website www.mendocinocounty.org and (3) provided to any member of the public requesting a copy of this Order.
22. If any provision of this Order to the application thereof to any person or circumstance is held to be invalid, the remainder of the Order, including the application of such part or provision to other persons or circumstances, shall not be affected and shall continue in full force and effect. To this end, the provisions of this Order are severable.

Date: 05/08/2020
Time: 6:00 p.m.

Issued by: 
Noem Doohan M.D. PhD.,
Health Officer, County of Mendocino

APPENDIX A to Health Officer's Order
SOCIAL DISTANCING AND HYGIENE PROTOCOL
COVID-19 PREVENTION

Business name:

Facility Address:

Approximate gross square footage of space open to the public:

Signage:

- Signage at each public entrance of the facility to inform all employees and customers that they should: avoid entering the facility if they have a cough or fever; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; and not shake hands or engage in any unnecessary physical contact.
- Signage posting a copy of the Social Distancing Protocol at each public entrance to the facility.

Measures To Protect Employee Health (check all that apply to the facility):

- Everyone who can carry out their work duties from home has been directed to do so.
- All employees have been told not to come to work if sick.
- Symptom checks are being conducted before employees may enter the work space.
- All desks or individual work stations are separated by at least six feet.
- Break rooms, bathrooms, and other common areas are being disinfected frequently, on the following schedule:
 - Break rooms:
 - Bathrooms:
 - Other ():
- Disinfectant and related supplies are available to all employees at the following location(s):
- Hand sanitizer effective against COVID-19 is available to all employees at the following location(s):
- Soap and water are available to all employees at the following location(s):
- Copies of this Protocol have been distributed to all employees.
- Describe other measures:

Measures To Prevent Crowds From Gathering (check all that apply to the facility):

- Limit the number of customers in the store at any one time to [*insert maximum number here*], which allows for customers and employees to easily maintain at least six-foot distance from one another at all practicable times.
 - Post an employee at the door to ensure that the maximum number of customers in the facility set forth above is not exceeded.
 - Placing per-person limits on goods that are selling out quickly to reduce crowds and lines.
- Explain:
- Optional—Describe other measures:

Measures To Keep People At Least Six Feet Apart (check all that apply to the facility):

- Placing signs outside the store reminding people to be at least six feet apart, including when in line.
- Placing tape or other markings at least six feet apart in customer line areas inside the store and on sidewalks at public entrances with signs directing customers to use the markings to maintain distance.
- Separate order areas from delivery areas to prevent customers from gathering.
- All employees have been instructed to maintain at least six feet distance from customers and from each other, except employees may momentarily come closer when necessary to accept payment, deliver goods or services, or as otherwise necessary.
- Optional—Describe other measures:

Measures To Prevent Unnecessary Contact (check all that apply to the facility):

- Preventing people from self-serving any items that are food-related.
 - Lids for cups and food-bar type items are provided by staff; not to customers to grab.
 - Bulk-item food bins are not available for customer self-service use.
- Not permitting customers to bring their own bags, mugs, or other reusable items from home that must be handled by employees. Customers bringing their own reusable items that do not require handling by employees is permissible.
- Providing for contactless payment systems or, if not feasible, sanitizing payment systems regularly. Describe:
- Optional—Describe other measures (e.g. providing senior-only hours):

Measures To Increase Sanitization (check all that apply to the facility):

- Businesses and facilities re-opening should comply with the CDC Reopening Guidance for Cleaning and Disinfecting Public Spaces, Workplaces, Businesses, Schools and Homes (<https://www.cdc.gov/coronavirus/2019-ncov/community/reopen-guidance.html>)
- Disinfecting wipes that are effective against COVID-19 are available near shopping carts and shopping baskets.
- Employee(s) assigned to disinfect carts and baskets regularly.
- Hand sanitizer, soap and water, or effective disinfectant is available to the public at or near the entrance of the facility, at checkout counters, and anywhere else inside the store or immediately outside where people have direct interactions.
 - Disinfecting all payment portals, pens, and styluses after each use.
- Disinfecting all high-contact surfaces frequently.
- Optional—Describe other measures:

* Any additional measures not included here should be listed on separate pages, which the business should attach to this document.

APPENDIX B to Health Officer Order **CONSTRUCTION SAFETY PROTOCOL COVID-19 PREVENTION**

The following are required elements of a Social Distancing and Hygiene Protocol for construction businesses engaged in allowed construction activity under this Order.

1. If requested, submit to the appropriate County Representative the new or updated Social Distancing Protocol consistent with these guidelines;
2. Establish an assembly point for staff, before the start of work each day that complies with the recommended social distancing parameters;
3. Establish a daily screening protocol for arriving staff, to ensure that potentially infected staff do not enter the work site. If workers leave and re-enter the work site during the shift, re-screen individuals prior to re-entry into the work site;
4. Provide a daily tailgate session reviewing site protocols to mitigate potential spread of the virus. As information is changing continuously regarding COVID-19, these tailgates should occur daily and contractors should document attendance and require worker signatures;
5. Designate a Site Safety Rep (SSR) to monitor and implement all recommended safety practices regarding the COVID-19 virus with all contractor staff members. Labor supervisors must have the authority, through consultation with the SSR, to halt all activities that do not adhere to the COVID-19 safety practices. The SSR should have training commensurate with this hazard and all required industrial hygiene practices that may be required on the job site. This person will be responsible to maintain supplies of disinfectants and make sure that workers follow decontamination, hand washing, and distancing;
6. For work sites where multiple employers share the same work space, inform all employers about each Social Distancing Protocol and site-specific COVID-19 Construction Field Safety Requirements. Where one contractor enters the space of another contractor, the most stringent protocol or guideline will be followed. Stagger the trades as needed to reduce density and maintain social distancing and separation of at least 6 feet. Minimize interactions when picking up or delivering equipment or materials;
7. Regularly clean and sanitize trailers, toilets, and other enclosed spaces;
8. Social distancing must be maintained in elevators and lifts. Establish a regular cleaning and disinfection schedule for elevators and lifts. Identify other “choke points” or “high-risk areas” where persons may come into close contact, and take appropriate steps to maintain social distancing and hygiene;
9. Establish a cleaning and decontamination protocol prior to entry and exit of the job site. Establish a similar cleaning protocol within the job site area;
10. Establish cleaning and/or hand washing stations within the work areas. They should be of sufficient quantity to allow staff to remain within the work areas without exiting into break areas. It is critical to adequately maintain these stations continuously;

11. Establish adequate time in the workday to allow for proper cleaning and decontamination including prior to leaving the job site for the day;
12. Ensure easy access to parking, since public transit may be limited;
13. Assign a second safety officer to the construction site to ensure protocols are being followed;
14. Ensure all persons utilize appropriate personal protective equipment, including facial coverings or masks, depending on the nature of the work; and
15. Establish a Code of Safety Practices that will at a minimum require staff/labor to follow the following practices during the course of their work:
 - a. If you feel sick, or have been exposed to anyone who is sick with COVID-19, stay at home. You may be required to provide COVID-19 test result showing a negative result (not infected with COVID-19) before being allowed to return to work. This is critical to preventing spread of the virus.
 - b. Wash hands frequently for at least 20 seconds with soap and water. Avoid touching your face with un-sanitized hands. Avoid touching common surfaces with bare hands.
 - c. Constantly observe your work distances in relation to other staff. Maintain the recommended minimum 6 feet separation from one another at all times feasible. Do not shake hands or make other unnecessary direct contact with other staff.
 - d. Do not carpool with other staff unless they are family members living within your household. Do not share phones. Use of microwaves, water coolers, and other similar group equipment for breaks is suspended until further notice.
 - e. Clean and disinfect personal tools prior to use, as well as group tools.
 - f. Disposable paper towels and similar waste must be deposited in non-touch waste bins.
 - g. Do not cough or sneeze into your hand; rather, direct coughs and sneezes into a cloth or tissue or, if not available, the crook of your arm at your elbow; follow established CDC guidelines.
 - h. Workers should change work clothes and shoes prior to arriving at home. All clothing should not be shook out. Launder work clothes separate from other laundry.

APPENDIX C-1 to Health Officer Order
RECREATIONAL SAFETY PROTOCOL COVID-19 PREVENTION
(GOLF)

Golf Site Requirements Use of golf courses and driving ranges authorized by this Order shall comply with the following requirements:

1. All employees will be trained on proper sanitation, as outlined by the CDC.
2. Staff will regularly sanitize all touch points.
3. All employees and customers will be required to follow Federal, State, and local guidelines for social distancing, e.g., by maintaining at least 6-foot distance from others.
4. Tee reservations must be limited to four players or less, to ensure social distancing requirements can be met at all times.
5. No shared equipment.
6. Walking or single rider only on carts (unless by family members currently sheltering in the same residence).
7. Carts to be cleaned and sanitized with soap, bleach or disinfectant after after-each use.
8. Mendocino County residents only.
9. No tournament style events.
10. No private lessons, group instruction or clinics.
11. No private club cleaning by personnel.
12. Check in for round must require no physical interaction with golf site staff, who must stay six feet or more from golfers.
13. Remove hand towels, ice chests with water, seed/sand bottles, on-course bunker rakes, community tees, and scorecards and pencils.
14. Public drinking fountains and ball washers are to be covered and closed.
15. Cups must be raised, inverted or otherwise altered so that the ball can easily be picked up without touching the cup.
16. Flag sticks must be removed or designed as no touch and left in at all times.
17. Driving Range Restrictions:
 - a. Hitting stations will be a minimum of six feet apart.
 - b. Balls will be thoroughly cleaned with soap, bleach or disinfectant after each pick of the range and before they are placed back on the range.
 - c. All range staff attendants must wear gloves and must wear face coverings in compliance with current health officer orders.
 - d. Golf clubs shall not be shared or rented.
 - e. Range buckets must be disinfected after each golfer use.
18. Post, in areas visible to all workers, required hygienic practices including not touching face with unwashed hands or with gloves; washing hands with soap and water for at least 20 seconds; use of hand sanitizer with at least 60% alcohol, cleaning and disinfecting frequently touched objects and surfaces such as workstations, keyboards, telephones, handrails, machines, shared tools, and doorknobs; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC.
19. Golf courses and driving ranges shall designate a site-specific COVID-19 supervisor to enforce this guidance. The designated COVID-19 supervisor shall be present on site at all times during golfing activities. The COVID19 supervisor can be an on-site worker who is designated to carry this role.
