**Round Valley Crisis Response Innovation Plan Update & Extension Request
05/20/2020**

The Public comment hearing will be hosted as part of the remote Behavioral Health Advisory Board Meeting (BHAB) to be held on 05/20/2020

The **Round Valley Crisis Response Innovation** project has been exploring a community driven approach to addressing crisis needs in the Round Valley community, and is learning how best to provide culturally responsive services, build trust and collaboration, and provide trauma informed care to address historical and intergenerational trauma. There has been positive response to inclusion of traditional healing techniques and connection to cultural heritage along with other approaches to healing. The project seeks to extend through June 30, 2022 to complete its learning objectives and assess the potential for sustainably providing the kinds of services found to be most effective.

The Public Comment Hearing is part of the BHAB meeting being held via Zoom Webinar on 05/20/2020. The BHAB meeting begins at 1:00 PM. The Round Valley Crisis Response Extension Request portion is scheduled to occur from approximately 2:30 PM to 2:45 PM.
