Planning & Building Services

Dear Department Managers and All Employees,

Please look at this list of places in the world and our state and country who have banned or put a moratorium on the deployment of 5G:

https://linkprotect.cudasvc.com/url?a=https%3a%2f%2fstop5gblacktown.org%2flist-of-countries-cities-towns-and-councils-that-have-banned-5g%2f&c=E,1,O8QRjdD6_SqepW9n7d2vEiT13-pe_xyDqrtai94ef5t8lnAYNHK1Zl0aYMmu4WGWmZluCeX93fHpN6Rl9mGxC24Mru7bKKoweYFLLQYBclOcycjKp7Hx&typo=1

There are scientific and environmental concerns! Even birds have been filmed tearing at the towers, not to get anything, just trying to destroy them! Our water-filled bodies don't have a chance to defend ourselves from this toxin.

Sincerely, Ms. Paula Geroux 1661 Daphne Drive Willits, CA 95490
