Dear Planning and Building Services Commission Staff,

I am writing this letter to give my support for Internet and Cell Service on Pine Mountain.  
My wife and I have lived on Pine Mountain for 8 years. With No Internet, TV and very poor cell service. I have seen many cars parked along side the road. Just to talk on the phone. It is unsafe for all of us up here. Because we don't have communication.  
Please Bring Internet and Cell Service on Pine Mountain.

Thanks Joey Smith
