Dear Supervisor Haschak;

I am writing to express my strong opposition to the proposed cell tower on Pine Mountain. This tower would be quite close to my home. We bought this property with the understanding that it was in a residential area. Even closer to the proposed tower are homes with young children. This is not a safe or appropriate location for a huge, ugly cell tower and the radio frequency radiation it will give off. The roads to access this site are narrow, winding and not built for the heavy truck traffic that will be necessary to build and maintain this structure.

I am not opposed to broadband but there are more appropriate locations without homes nearby. Please do not allow this to be built in my neighborhood.

Sincerely,

MariLu Paulson
