To Whom It May Concern

I just moved to pine mountian. I good for the most part. I'd have a better time here if the was good wifi.

At my old house we could enjoy netfix, hulu, my cell phone, and RS4. now everyone here has to turn off every thing that takes wifi to even atempt to watch Netflix.

Now since I live here I won't even be able to do school. This will make it ten times harder on me and my brother.

We just ask that you help all the kids on pine mountian. We all need wifi more than we think.

Sincerly
