**ADDENDUM NO. 3
REQUEST FOR PROPOSALS NO. DOT210004**

**County of Mendocino
Department of Transportation**

TO: All Respondents

FROM: Amber Fisette, Deputy Director of Transportation

CLOSING DATE: March 12, 2021 at 2:00 p.m. (UNCHANGED)

REF NO: RFP No. DOT 21004 – Residential and Commercial Garbage, Recyclable Material and Organic Waste Collection – Franchise Area No. 2

DATE: Thursday, February 25, 2021

Revisions made to the Scope of Services:

- 1. Replace RFP – Section 3.2 Single Family Dwelling (SFD) Collection Services, Sub-Section 3.2.4 SFD Organic Waste Collection Services (included in Bundled Service) with the following:**

The County wishes to include in the SFD Organic Waste Collection Services Green Waste and Food Waste, utilizing 96-Gallon Carts. **One (1) 96-Gallon Organic Waste Cart will be provided to each Service Recipient as part of the base service to SFD Recipients.** SFD Service Recipients may request additional carts for an additional cost.

- 2. Replace RFP – Section 3.6 Collection Containers, Paragraph 4 (deleting request for unique identification numbers) with the following:**

The County anticipates that during the term of the proposed Franchise Agreement, Carts will need to be repaired and/or replaced with new Carts. Accordingly, all new Carts will have heavy duty wheels, attached hinged lids, and be designed to be resistant to inadvertent tipping due to high winds. All new or replacement Carts must be compatible with automated collection. Cart colors must be compliant with SB 1383. All new or replacement Carts will be manufactured with

a minimum twenty percent (20 percent) recycled material content and come with a ten (10) year warranty against defects. **The County strongly encourages new and replacement Carts with a higher recycled content than twenty percent (20 percent).** The County also requires that all new or replacement Carts be hot-stamped, embossed, or labeled/decaled with the “Disposal Company”, and images of the type of materials to be collected (i.e., Garbage, Organic Waste, Recyclable Material). All Carts shall also contain instructions for proper usage. If any of the above is accomplished via labels or decals, such labels or decals must be maintained and/or replaced as necessary throughout the term to maintain a near new appearance. The Carts shall contain all writing in both English and Spanish languages.

3. Replace RFP - Section 5.7 Proposal Content, Table 3 Outline for Proposal with the following:

Section	Table 3 Outline for Proposal Revised 02/25/2021
1	COVER LETTER
	EXECUTIVE SUMMARY
	PROPOSAL BOND
	SIGNED COPIES OF ADDENDA
